

Transocean Ltd. Provides Quarterly Fleet Status Report

October 22, 2018

STEINHAUSEN, Switzerland, Oct. 22, 2018 (GLOBE NEWSWIRE) -- Transocean Ltd. (NYSE: RIG) today issued a quarterly Fleet Status Report that provides the current status of, and contract information for, the company's fleet of offshore drilling rigs.

Since the prior quarter's Fleet Status Report, the company has added approximately \$465 million in contract backlog. As of today, the company's backlog is \$11.5 billion.

Among the contract additions, the ultra-deepwater semisubmersible *Petrobras 10000* was awarded a 790-day contract extension offshore Brazil with Petrobras. The rig's contract is extended through October 2021 and includes a blend and extend modification to the previous contract dayrate, effective September 2018.

This quarter's report also includes the following new contracts:

- *Henry Goodrich* – Awarded a one-year contract extension offshore Eastern Canada;
- *Transocean Norge* – Awarded a six-well contract and four well options in the Norwegian Continental Shelf. The newbuild, harsh environment semisubmersible's contract is expected to commence in July 2019;
- *Paul B. Loyd, Jr.* – Awarded a two-well contract expected to commence in March 2019 plus four one-well options in the U.K. North Sea;
- *Dhirubhai Deepwater KG2* – Awarded a three-well contract expected to commence in February 2019 plus two one-well options offshore China;
- *Transocean Leader* – Awarded a three-well contract in the U.K. North Sea;
- *Deepwater Asgard* – Awarded a one-well contract offshore Mexico;
- *Transocean Spitsbergen* – Customer exercised one-well option offshore Norway;
- *Deepwater Nautilus* – Customer exercised one-well option offshore Malaysia.

As previously announced, the company has retired the following two floaters: *C.R. Luigs* and *Songa Delta*. The rigs are classified as held for sale and will be recycled in an environmentally responsible manner.

The report can be accessed on the company's website: www.deepwater.com.

About Transocean

Transocean is a leading international provider of offshore contract drilling services for oil and gas wells. The company specializes in technically demanding sectors of the global offshore drilling business with a particular focus on deepwater and harsh environment drilling services, and believes that it operates one of the most versatile offshore drilling fleets in the world.

Transocean owns or has partial ownership interests in, and operates a fleet of 41 mobile offshore drilling units consisting of 23 ultra-deepwater floaters, 12 harsh environment floaters, two deepwater floaters and four midwater floaters. In addition, Transocean is constructing two ultra-deepwater drillships; and one harsh environment semisubmersible in which the company has a 33% interest.

Forward-Looking Statements

The statements described in this press release that are not historical facts are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These statements contain words such as "possible," "intend," "will," "if," "expect," or other similar expressions. Forward-looking statements are based on management's current expectations and assumptions, and are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict. As a result, actual results could differ materially from those indicated in these forward-looking statements. Factors that could cause actual results to differ materially include, but are not limited to, estimated duration of customer contracts, contract dayrate amounts, future contract commencement dates and locations, planned shipyard projects and other out-of-service time, sales of drilling units, timing of the company's newbuild deliveries, operating hazards and delays, risks associated with international operations, actions by customers and other third parties, the future prices of oil and gas, the intention to scrap certain drilling rigs, the benefits, and other factors, including those and other risks discussed in the company's most recent Annual Report on Form 10-K for the year ended December 31, 2017, and in the company's other filings with the SEC, which are available free of charge on the SEC's website at: www.sec.gov. Should one or more of these risks or uncertainties materialize (or the other consequences of such a development worsen), or should underlying assumptions prove incorrect, actual results may vary materially from those indicated or expressed or implied by such forward-looking statements. All subsequent written and oral forward-looking statements attributable to the company or to persons acting on our behalf are expressly qualified in their entirety by reference to these risks and uncertainties. You should not place undue reliance on forward-looking statements. Each forward-looking statement speaks only as of the date of the particular statement, and we undertake no obligation to publicly update or revise any forward-looking statements to reflect events or circumstances that occur, or which we become aware of, after the date hereof, except as otherwise may be required by law. All non-GAAP financial measure reconciliations to the most comparative GAAP measure are displayed in quantitative schedules on the company's website at: www.deepwater.com.

This press release, or referenced documents, do not constitute an offer to sell, or a solicitation of an offer to buy, any securities, and do not constitute an offering prospectus within the meaning of article 652a or article 1156 of the Swiss Code of Obligations. Investors must rely on their own evaluation

of Transocean and its securities, including the merits and risks involved. Nothing contained herein is, or shall be relied on as, a promise or representation as to the future performance of Transocean.
