Item 2.06 Material Impairments.

On September 3, 2019, Transocean Ltd. (the "Company") announced that it intends to retire in an environmentally responsible way, the following three ultra-deepwater floaters: *Discoverer Enterprise*, *Discoverer Spirit*, and *Discoverer Deep Seas*. These rigs are classified as held for sale. As a result of the Company's decision on August 27, 2019, to authorize retirement of these three rigs and associated equipment, the Company expects its third quarter 2019 results to include an estimated non-cash charge of approximately \$580 million. As the Company continues to evaluate the long-term competitiveness of its fleet, additional rigs may be identified as candidates for retirement.

The statements described in this Form 8-K that are not historical facts are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These statements contain words such as "possible," "intend," "will," "if," "expect" or other similar expressions. Forward-looking statements are based on management's current expectations and assumptions, and are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict. As a result, actual results could differ materially from those indicated in these forward-looking statements. Factors that could cause actual results to differ materially include, but are not limited to, estimated duration of customer contracts, contract dayrate amounts, future contract commencement dates and locations, planned shipyard projects, timing of the Company's newbuild deliveries, operating hazards and delays, risks associated with international operations, actions by customers and other third parties, the future prices of oil and gas, the intention to scrap certain drilling rigs and other factors, including those and other risks discussed in the Company's most recent Annual Report on Form 10-K for the year ended December 31, 2018, and in the Company's other filings with the SEC, which are available free of charge on the SEC's website at www.sec.gov. Should one or more of these risks or uncertainties materialize (or the other consequences of such a development worsen), or should underlying assumptions prove incorrect, actual results may vary materially from those indicated or expressed or implied by such forward-looking statements. All subsequent written and oral forward-looking statements attributable to the Company or to persons acting on our behalf are expressly qualified in their entirety by reference to these risks and uncertainties. You should not place undue reliance on forward-looking statements. Each forward-looking statement speaks only as of the date of the particular statement, and we undertake no obligation to publicly update or revise any forward-looking statements to reflect events or circumstances that occur, or which we become aware of, after the date hereof, except as otherwise may be required by law. All non-GAAP financial measure reconciliations to the most comparative GAAP measure are displayed in quantitative schedules on the Company's website at www.deepwater.com.
