The consent payment deadline for each exchange offer (that is, the time by which holders must tender the applicable series of R&B Falcon notes in order to be eligible to receive the consent payment) will be Midnight, New York City time, on February 13, 2002, unless extended. Consents may be revoked at any time prior to the consent payment deadline.

Each exchange offer will expire at 5:00 p.m., New York City time, on March 1, 2002, unless extended. Tenders may be withdrawn at any time prior to the expiration date.

Transocean Sedco Forex does not intend to list the Transocean Sedco Forex notes to be issued in the exchange offers on any national securities exchange or on The Nasdaq Stock Market.

## PROSPECTUS SUMMARY

The following summary does not purport to be complete and is qualified in its entirety by, and should be read in conjunction with, the more detailed financial information and consolidated financial statements, including the notes thereto, included or incorporated by reference in this prospectus and consent solicitation statement. In particular, holders of R&B Falcon notes should carefully consider the information set forth under "Risk Factors."

### TRANSOCEAN SEDCO FOREX INC.

We are a leading international provider of offshore and inland marine contract drilling services for oil and gas wells. We are the result of the merger of Transocean Offshore Inc. and Sedco Forex Holdings Limited in December 1999, and the subsequent merger with R&B Falcon Corporation in January 2001. On December 31, 2001, Transocean Sedco Forex owned, had partial ownership interests in or operated more than 160 mobile offshore and barge drilling units. Transocean Sedco Forex's active fleet consists of 31 high-specification drillships and semisubmersibles (floaters), 30 other floaters, 54 jackup rigs, 35 drilling barges, four tenders and three submersible drilling rigs. In addition, the fleet includes mobile offshore production units, platform drilling rigs and land and barge drilling rigs in Venezuela.

Our primary business is to contract our drilling rigs, related equipment and work crews on a dayrate basis to drill oil and gas wells. We specialize in technically demanding segments of the offshore drilling business with a particular focus on deepwater and harsh environment drilling services. We also provide additional services, including management of third-party well service activities.

We are the world's largest offshore drilling company as measured by the number of mobile offshore drilling units and equity market capitalization. We have the largest fleet of rigs capable of working in water depths greater than 3,000 feet, as well as the largest fleet of jackup rigs and drilling barges. We believe our diverse fleet positions us with the necessary geographical coverage, technical capabilities, efficiencies and resources to meet our customers' needs and to attract new customers.

We have a significant presence in all major offshore oil and gas drilling areas, including the North Sea, West Africa, the U.S. Gulf of Mexico, Brazil and Asia. Our infrastructure in these areas helps us meet our customers' needs on a global basis and is set up to provide regional economies of scale. Our geographic diversity helps reduce the possible impact of a future downturn in a single region. Our longstanding commitment to operate in major markets has increased our knowledge of our customers' region-specific needs, and helps us build strong relationships with clients, vendors, regulators and others important to our operations.

Transocean Sedco Forex is a Cayman Islands exempted company with principal executive offices in the United States located at 4 Greenway Plaza, Houston, Texas 77046. Our telephone number at that address is (713) 232-7500.

TRANSOCEAN SEDCO FOREX SELECTED HISTORICAL  
AND PRO FORMA CONSOLIDATED FINANCIAL DATA

On December 31, 1999, the merger of Transocean Offshore Inc. and Sedco Forex Holdings Limited was completed. Sedco Forex was the offshore contract drilling service business of Schlumberger Limited and was spun off the day before the merger transaction. As a result of the merger, Sedco Forex became a wholly owned subsidiary of "Transocean Offshore Inc.", which changed its name to Transocean Sedco Forex Inc. The merger was accounted for as a purchase, with Sedco Forex as the acquiror for accounting purposes.

Transocean Sedco Forex prepared the selected historical consolidated financial data in the following table using the consolidated financial statements of Transocean Sedco Forex. Transocean Sedco Forex derived the statement of operations and other financial data for the year ended December 31, 2000 and the balance sheet data as of December 31, 2000 and 1999 from its consolidated financial statements and the statement of operations and other financial data for the year ended December 31, 1999 from its combined financial statements audited by Ernst & Young LLP, independent auditors. Transocean Sedco Forex derived the statement of operations and other financial data for each of the three years in the period ended December 31, 1998, and the balance sheet data as of December 31, 1998 and 1997, from its combined financial statements audited by PricewaterhouseCoopers LLP, independent accountants. Transocean Sedco Forex derived the statement of operations and other financial data for the nine months ended September 30, 2001 and 2000 and the balance sheet data as of September 30, 2001 and 2000 from its unaudited consolidated financial statements and the balance sheet data as of December 31, 1996 from its unaudited combined financial statements. The unaudited interim financial statements for the nine months ended September 30, 2001 and 2000 include all adjustments, consisting of normal recurring adjustments, which Transocean Sedco Forex considers necessary for a fair presentation of the financial position and the results of operations for these periods. Operating results for the nine months ended September 30, 2001 are not necessarily indicative of the results that may be expected for the entire year ended December 31, 2001. The data should be read in conjunction with the related notes and other financial information incorporated by reference in this prospectus and consent solicitation statement.

The balance sheet data as of December 31, 2000 and 1999 and September 30, 2001 and 2000 represent the consolidated financial position of Transocean Sedco Forex, and the balance sheet data as of dates prior to the Transocean Offshore Inc. and Sedco Forex merger reflect the financial position of Sedco Forex and not that of historical Transocean Offshore Inc. The income statement data and other financial data for the year ended December 31, 2000 and the nine months ended September 30, 2001 and 2000 represent the operating results of Transocean Sedco Forex and, for the periods prior to the Transocean Offshore Inc. and Sedco Forex merger, reflect the operating results of Sedco Forex and not that of historical Transocean Offshore Inc.

On January 31, 2001 Transocean Sedco Forex completed a merger transaction with R&B Falcon. As a result of the merger, R&B Falcon became an indirect wholly owned subsidiary of Transocean Sedco Forex. The merger was accounted for as a purchase and Transocean Sedco Forex was the accounting acquiror. The selected historical consolidated financial data as of and for the nine months ended September 30, 2001 include eight months of operating results and cash flows for R&B Falcon.

The pro forma consolidated statement of operations data assume that the merger between Transocean Sedco Forex and R&B Falcon was completed on January 1, 2000. The pro forma information does not necessarily indicate what the operating results of the combined company would have been had the merger been completed on January 1, 2000, or what the future operating results of the combined company will be. In particular, the unaudited pro forma consolidated statement of operations data do not include adjustments to reflect any cost savings or other operational efficiencies that may be realized as a result of the merger of Transocean Sedco Forex and R&B Falcon, or any future merger-related restructuring or integration expenses.

The pro forma consolidated statement of operations data for Transocean Sedco Forex assumes the exchange offers were completed as of January 1, 2000 and that all R&B Falcon notes were tendered by the applicable consent payment deadline and not withdrawn. The historical financial information has been derived from the consolidated financial statements of Transocean Sedco Forex and R&B Falcon for the periods presented.

- (a) Unaudited pro forma earnings per share for the years ended December 31, 1996 through 1999 was calculated using the Transocean Sedco Forex Inc. ordinary shares issued pursuant to the Sedco Forex merger agreement and the dilutive effect of Transocean Sedco Forex Inc. stock options granted to former Sedco Forex employees at the time of the Sedco Forex merger, as applicable.
- (b) EBITDA (earnings before interest, taxes, depreciation and amortization) is presented here because it is a widely accepted financial indication of a company's ability to incur and service debt. EBITDA measures presented may not be comparable to similarly titled measures used by other companies. EBITDA is not a measurement presented in accordance with accounting principles generally accepted in the United States ("GAAP") and is not intended to be used in lieu of GAAP presentations of results of operations and cash provided by operating activities.

R&B FALCON CORPORATION SELECTED HISTORICAL  
CONSOLIDATED FINANCIAL DATA

R&B Falcon prepared the selected historical consolidated financial data in the table below using the consolidated financial statements of R&B Falcon. R&B Falcon derived the statement of operations data below for each of the five years in the period ended December 31, 2000, and the consolidated balance sheet data as of December 31 of each year from 1996 to 2000, from its financial statements audited by Arthur Andersen LLP, independent public accountants. R&B Falcon derived the consolidated statement of operations data for the nine months ended September 30, 2001 and 2000 and the consolidated balance sheet data as of September 30, 2001 and 2000 from its unaudited consolidated financial statements which, in the opinion of management, include all adjustments, consisting only of normal recurring adjustments, necessary for a fair statement of the results for the unaudited interim periods. Operating results for the nine months ended September 30, 2001 are not necessarily indicative of the results that may be expected for the entire year ending December 31, 2001.

On January 31, 2001, Transocean Sedco Forex completed a merger transaction with R&B Falcon. As a result of the merger, R&B Falcon became a wholly owned subsidiary of Transocean Sedco Forex. The merger was accounted for as a purchase and Transocean Sedco Forex was the accounting acquiror. The purchase price was allocated to the assets and liabilities of R&B Falcon based on their estimated fair values on the date of the merger. Accordingly, the financial statements of R&B Falcon for periods subsequent to January 31, 2001 are not comparable to those of prior periods in material respects since those financial statements report financial position, results of operations and cash flows using a different basis of accounting.

The pro forma statement of operations data below for the nine months ended September 30, 2001 and for the year ended December 31, 2000 assumes the merger transaction with Transocean Sedco Forex and the sale of drilling units described in "Certain Related Transactions" were completed on January 1, 2000. The pro forma consolidated statement of operations data also assumes the exchange offers were completed as of January 1, 2000 and that all R&B Falcon notes were tendered by the applicable consent payment deadline and not withdrawn.

The unaudited consolidated statement of operations data for the eight months ended September 30, 2001, one month ended January 31, 2001 and nine months ended September 30, 2000 contain certain reclassifications to conform the presentation of operating results with that of Transocean Sedco Forex. These reclassifications were not made in the annual periods 2000 and prior. None of the reclassifications had an effect on the consolidated net loss from continuing operations.

- (a) Included in 1999 are expenses of \$34.7 million in connection with the cancellation of certain drillship projects and \$3.7 million of oil and gas development expenses.
- (b) Included in 1998 are expenses of \$118.3 million in connection with the cancellation of certain drillship projects, \$19.5 million of oil and gas development expenses and the reversal of \$8.0 million of expenses in connection with the merger of Reading & Bates Corporation and Falcon Drilling Co. in December 1997, which was accounted for as a pooling of

interests.

- (c) Included in 1997 are expenses of \$66.4 million in connection with the merger of Reading & Bates Corporation and Falcon Drilling Co. in December 1997, which was accounted for as a pooling of interests. Additionally, R&B Falcon incurred oil and gas development expenses and charges of \$130.2 million in 1997.
- (d) Effective with the merger with Transocean Sedco Forex on January 31, 2001, R&B Falcon became a wholly owned subsidiary of Transocean Sedco Forex. In conjunction with the merger, the R&B Falcon common shareholders received .5 newly issued Transocean Sedco Forex ordinary shares for each R&B Falcon share. As a result, no earnings per share information is shown for post-merger financial information.
- (e) EBITDA (income (loss) from continuing operations before extraordinary items and minority interest, interest, net, taxes, depreciation and amortization) is presented here because it is a widely accepted financial indication of a company's ability to incur and service debt. EBITDA measures presented may not be comparable to similarly titled measures used by other companies. EBITDA is not a measurement presented in accordance with accounting principles generally accepted in the United States ("GAAP") and is not intended to be used in lieu of GAAP presentations of results of operations and cash provided by operating activities.

QUESTIONS AND ANSWERS ABOUT THE EXCHANGE OFFERS  
AND CONSENT SOLICITATIONS

Q: WHY IS TRANSOCEAN SEDCO FOREX MAKING THE EXCHANGE OFFERS AND THE CONSENT SOLICITATIONS?

A: As a result of the merger on January 31, 2001, R&B Falcon became an indirect wholly owned subsidiary of Transocean Sedco Forex. Since the merger, Transocean Sedco Forex has been operationally and financially integrating R&B Falcon into the Transocean Sedco Forex organization. See "Certain Related Transactions" for a description of some of these integration transactions. The exchange offers and the proposed amendments are intended to provide us with greater operational and financial flexibility, including greater flexibility in continuing our integration efforts, and to allow us to structure our operations and the operations of our subsidiaries in a more efficient manner and allow for potential savings.

Q: WHAT WILL I RECEIVE IN THE EXCHANGE OFFERS AND CONSENT SOLICITATIONS?

A: For each \$1,000 principal amount of any series of R&B Falcon notes validly tendered and accepted for exchange, Transocean Sedco Forex is offering \$1,000 principal amount of Transocean Sedco Forex's newly issued notes of a corresponding series. Each series of Transocean Sedco Forex notes being offered under this prospectus and consent solicitation statement will have the same principal amount, interest rate, redemption terms and payment and maturity dates as those of the corresponding series of R&B Falcon notes to be exchanged in the exchange offers, and will be issued under and governed by the terms of the indenture under which Transocean Sedco Forex's existing debt securities were issued. Instead of receiving a payment for accrued interest on R&B Falcon notes you exchange, the Transocean Sedco Forex notes you receive in exchange for those R&B Falcon notes will accrue interest from the last date to which interest has been paid on those R&B Falcon notes.

In addition, R&B Falcon will pay an amount in cash equal to the applicable consent payment listed on the cover page of this prospectus and consent solicitation statement to each holder of R&B Falcon notes accepted for exchange if the holder has tendered those notes prior to the applicable consent payment deadline. The consent payment deadline for each exchange offer (that is, the time by which holders must tender R&B Falcon notes into that offer in order to be eligible to receive the consent payment) will be Midnight, New York City time, on February 13, 2002, unless extended.

AS A HOLDER OF R&B FALCON NOTES OF ANY SERIES, YOU MAY GIVE YOUR CONSENT TO THE PROPOSED AMENDMENTS TO THE R&B FALCON INDENTURES ONLY BY TENDERING YOUR R&B FALCON NOTES IN THE EXCHANGE OFFER FOR THAT SERIES. BY SO TENDERING, YOU WILL BE DEEMED TO HAVE GIVEN A CONSENT WITH RESPECT TO THE NOTES OF THAT SERIES.

Q: WHAT ARE THE CONSEQUENCES OF NOT TENDERING IN THE EXCHANGE OFFERS?

A: If the exchange offers are consummated and the proposed amendments to the R&B Falcon indentures have been adopted, they will apply to all R&B Falcon notes not acquired in the exchange offers. All R&B Falcon notes that remain outstanding after the consummation of the exchange offers will be governed by the R&B Falcon indentures as amended by the proposed amendments, which will have less restrictive terms and afford reduced protections to the holders of such securities compared to those currently in the R&B Falcon indentures. See "Risk Factors -- Risk Factors Relating to the Exchange Offers and Consent Solicitations -- The proposed amendments to the R&B Falcon indentures will afford reduced protection to holders of R&B Falcon's notes." In addition, holders that do not tender in the exchange offers prior to the consent payment deadline will not receive the applicable consent payment, even though the proposed amendments will become effective with respect to their R&B Falcon notes.

Q: HOW DO THE R&B FALCON NOTES DIFFER FROM THE TRANSOCEAN SEDCO FOREX NOTES TO BE ISSUED IN THE EXCHANGE OFFERS?

A: The R&B Falcon notes are the obligations solely of R&B Falcon and are governed by the R&B Falcon indentures, while the Transocean Sedco Forex notes will be the obligations solely of Transocean Sedco Forex and will be governed by the Transocean Sedco Forex indenture. The R&B Falcon indentures and the Transocean Sedco Forex indenture differ in certain respects, including as follows:

- The indenture for the R&B Falcon 9.125% notes and R&B Falcon 9.50% notes restricts R&B Falcon's ability to incur debt and to make distributions and other "restricted" payments, although these covenants are suspended during the time that such notes have investment grade ratings.
- The R&B Falcon indentures restrict R&B Falcon's ability to merge or consolidate with, or sell substantially all of its assets to, a non-U.S. entity.
- The provisions of the R&B Falcon indentures limiting the ability of R&B Falcon and its subsidiaries to incur liens are more restrictive than the corresponding provisions of the Transocean Sedco Forex indenture.

These provisions will be eliminated from the R&B Falcon indentures, however, if the proposed amendments are adopted.

See "Description of Differences Between the R&B Falcon Notes and the Transocean Sedco Forex Notes" and "Description of the Transocean Sedco Forex Notes."

The Transocean Sedco Forex notes offered will be structurally subordinated to all obligations of Transocean Sedco Forex's subsidiaries, including any R&B Falcon debt securities not properly tendered and accepted for payment in the exchange offers, with respect to the assets of such subsidiaries. As of December 31, 2001, the aggregate amount of outstanding long-term debt of Transocean Sedco Forex's subsidiaries to which holders of the Transocean Sedco Forex notes would have been structurally subordinated was approximately \$1,783.9 million, of which \$1,537.9 million represented the carrying value of the six series of R&B Falcon notes for which Transocean Sedco Forex is making the exchange offers. See "Risk Factors -- Risks Relating to the Exchange Offers and Consent Solicitations -- Our holding company structure results in substantial structural subordination and may affect our ability to make payments on the Transocean Sedco Forex notes" and "Description of the Transocean Sedco Forex Notes -- Ranking; Additional Debt."

Q: WHAT ARE THE U.S. FEDERAL INCOME TAX CONSEQUENCES TO HOLDERS THAT TENDER R&B FALCON NOTES IN THE EXCHANGE OFFERS?

A: The receipt of Transocean Sedco Forex notes and consent payments in connection with the exchange offers and consent solicitations will be a taxable transaction for U.S. federal income tax purposes, and holders of R&B Falcon notes properly tendered (and not validly withdrawn) in the exchange offers will, accordingly, recognize gain or loss, as described in the section of the prospectus and consent solicitation statement entitled "Material U.S. Federal Income Tax Consequences."

Q: WHAT CONSENTS ARE REQUIRED TO EFFECT THE PROPOSED AMENDMENTS TO THE R&B FALCON INDENTURES AND CONSUMMATE THE EXCHANGE OFFERS?

A: Consents from holders of record of a majority of the total outstanding principal amount of a particular series of R&B Falcon notes as of the close of business on February 13, 2002 must be received in order to amend the R&B Falcon indenture with respect to that series.

Transocean Sedco Forex's obligation to complete each exchange offer and cause R&B Falcon to make the consent payments relating to that exchange offer is conditioned upon, among other things, receipt of valid consents sufficient to effect the amendments with respect to all six series of R&B Falcon notes, although Transocean Sedco Forex will be free

to waive this or any other condition with respect to any or all of the exchange offers. For information about other conditions to Transocean Sedco Forex's obligation to complete the exchange offers and cause R&B Falcon to make the consent payments, see "Conditions to the Exchange Offers and Consent Solicitations."

Q: WILL TRANSOCEAN SEDCO FOREX ACCEPT ALL TENDERS OF R&B FALCON NOTES?

A: Subject to the satisfaction or waiver of the conditions to each exchange offer, Transocean Sedco Forex will accept for exchange any and all R&B Falcon notes of a series properly tendered (and not validly withdrawn) in the applicable exchange offer on or before the expiration date of that exchange offer.

Q: WHEN WILL TRANSOCEAN SEDCO FOREX ISSUE NEW NOTES AND CAUSE CONSENT PAYMENTS TO BE MADE IN EXCHANGE FOR R&B FALCON NOTES?

A: Assuming the conditions to the exchange offers are satisfied or waived, Transocean Sedco Forex will issue new notes in book-entry form and cause R&B Falcon to make consent payments in exchange for R&B Falcon notes on the third business day following the expiration date of the applicable exchange offer or as soon as practicable after that date.

Q: WHEN DO I NEED TO TENDER MY R&B FALCON NOTES TO RECEIVE THE APPLICABLE CONSENT PAYMENT?

A: The consent payment deadline for each exchange offer is Midnight, New York City time on February 13, 2002, unless extended. The consent payment deadline is the latest date and time on which you may tender your R&B Falcon notes and receive the applicable consent payment if these notes are exchanged.

Q: WHEN DO THE EXCHANGE OFFERS EXPIRE?

A: The exchange offers will expire at 5:00 p.m., New York City time, on March 1, 2002, unless Transocean Sedco Forex, in its sole discretion, extends the exchange offers (or any of them) in which case the expiration date with respect to an exchange offer will be the latest date and time to which such exchange offer is extended. See "The Exchange Offers -- Consent Payment Deadline; Expiration Date; Extensions; Amendments."

Q: WHAT ARE MY RIGHTS IF I CHANGE MY MIND AFTER I TENDER MY R&B FALCON NOTES?

A: You may withdraw your tender at any time before the applicable exchange offer expires. A valid withdrawal of tendered R&B Falcon notes prior to the applicable consent payment deadline will constitute the revocation of the related consent to the proposed amendments to the applicable R&B Falcon indenture. You may only revoke a consent by validly withdrawing the related R&B Falcon notes prior to the consent payment deadline. See "The Exchange Offers -- Withdrawal of Tenders and Revocation of Corresponding Consents."

Q: HOW DO I EXCHANGE MY R&B FALCON NOTES IF I AM A BENEFICIAL OWNER OF R&B FALCON NOTES HELD OF RECORD BY A CUSTODIAN BANK, DEPOSITARY, BROKER, TRUST COMPANY OR OTHER NOMINEE? WILL THE RECORD HOLDER EXCHANGE MY R&B FALCON NOTES FOR ME?

A: If your R&B Falcon notes are held by a custodian bank, depositary, broker, trust company or other nominee and you wish to tender the securities in the exchange offers, you should contact that institution promptly and instruct the institution to tender on your behalf. The record holder will tender your securities on your behalf, but only if you instruct the record holder to do so. See "The Exchange Offers -- Procedures for Tendering -- Tender of R&B Falcon Notes Held through a Nominee."

Q: DO I HAVE THE RIGHT TO DISSENT FROM THE EXCHANGE OFFERS OR SEEK APPRAISAL OF THE R&B FALCON NOTES I HOLD?

A: Holders of R&B Falcon notes do not have any appraisal or dissenters' rights under New York law, the law governing the R&B Falcon indentures, or under the terms of the R&B Falcon indentures in connection with the exchange offers and consent solicitations.

Q: TO WHOM SHOULD I DIRECT ANY QUESTIONS?

A: Questions concerning the terms of the exchange offers or the consent solicitations should be directed to the dealer managers. Questions concerning tender procedures and requests for additional copies of this prospectus and consent solicitation statement should be directed to the information agent. The addresses and telephone numbers of the dealer managers and the information agent are set forth on the back cover page of this prospectus and consent solicitation statement.

TRANSOCEAN SEDCO FOREX  
RATIO OF EARNINGS TO FIXED CHARGES

Transocean Sedco Forex's ratio of earnings to fixed charges for each of the periods shown is as follows:

	NINE MONTHS ENDED		YEARS ENDED		
	DECEMBER 31, SEPTEMBER 30, -----		-----		
	2001	2000	1999(A)	1998(A)	1997(A)
1996(A) -----

2.1 1.5 1.4 9.7 10.3 12.6 Historical					
ratio of earnings to fixed charges as					
adjusted for pro forma effect of the					
merger(b).....	2.0	--			

- 
- (a) The ratios for each of the years in the four year period ended December 31, 1999 include only the earnings and fixed charges of Sedco Forex and not those of Transocean Offshore Inc.
  - (b) Historical ratio of earnings to fixed charges as adjusted for the pro forma effect of the merger were insufficient to cover fixed charges by \$131.1 million for the year ended December 31, 2000.

We have computed the ratios of earnings to fixed charges shown above by dividing earnings available for fixed charges by fixed charges. For this purpose, "earnings available for fixed charges" consist of pretax income (loss) from continuing operations before extraordinary items plus fixed charges, distributed earnings of unconsolidated joint ventures and amortization of capitalized interest, less capitalized interest and undistributed equity in earnings of unconsolidated joint ventures. "Fixed charges" consist of interest expense, capitalized interest and an estimate of the interest within rental expense.

On January 31, 2001, we completed our merger transaction with R&B Falcon. The merger was accounted for as a purchase, with our company as the acquiror for accounting purposes. The historical ratios of earnings to fixed charges for the year ended December 31, 2000 include only the earnings and fixed charges of Transocean Sedco Forex.

Historical ratio of earnings to fixed charges as adjusted for the pro forma effect of the merger for the year ended December 31, 2000 and the nine months ended September 30, 2001 assume that we completed the merger transaction with R&B Falcon on January 1, 2000. This pro forma information does not necessarily reflect what the ratio of earnings to fixed charges would have been if the merger had been completed on that date nor does it necessarily reflect any future ratio of earnings to fixed charges.

The pro forma effect of this exchange offer is not included or required since it has an insignificant (less than 10 percent) effect on the historical ratios.

R&B FALCON RATIO OF EARNINGS TO FIXED CHARGES

For purposes of computing the ratio of earnings to fixed charges, "earnings available for fixed charges" consist of pretax income (loss) from continuing operations before extraordinary items and minority interest plus fixed charges, distributed earnings of unconsolidated joint ventures and amortization of capitalized interest, less capitalized interest and undistributed equity in earnings of unconsolidated joint ventures and minority interest in pre-tax income of subsidiaries that have not incurred fixed charges. "Fixed charges" consist of interest expense, capitalized interest and an estimate of the interest within rental expense.

The following table sets forth our consolidated ratio of earnings to fixed charges for the periods shown:

POST- ACQUISITION PRE- ACQUISITION ---- ----- ----- ----- ----- EIGHT MONTHS ONE MONTH ENDED ENDED YEARS ENDED DECEMBER 31, SEPTEMBER 30, JANUARY 31, ----- -- 2001 2001 2000 1999 1998 1997 1996 ----- ----- ----- Ratio of earnings to fixed charges(a)..... -- -- -- -- 1.9 2.6 3.4
--

POST-ACQUISITION - ----- ----- NINE MONTHS ENDED YEAR ENDED SEPTEMBER 30, DECEMBER 31, 2001 2000 ----- ----- Historical ratio of earnings to fixed charges as adjusted for pro forma(b)..... -- -- -----
--

- (a) For the eight months ended September 30, 2001, the one month ended January 31, 2001 and for the years ended December 31, 2000 and 1999, earnings were insufficient to cover fixed charges by \$31.1 million, \$127.3 million, \$44.3 million and \$185.0 million, respectively.
- (b) Historical ratio of earnings to fixed charges as adjusted for pro forma effect of the merger were insufficient to cover fixed charges by \$80.7 million and \$189.3 million for the nine months ended September 30, 2001 and for the year ended December 31, 2000, respectively.

On January 31, 2001, we completed our merger transaction with Transocean Sedco Forex. The merger was accounted for as a purchase, with Transocean Sedco Forex as the acquiror for accounting purposes. The historical ratios of earnings to fixed charges for the five years ended December 31, 2000 and the one month ended January 31, 2001 include the earnings and fixed charges for R&B Falcon prior to the merger.

The historical ratio of earnings to fixed charges as adjusted for pro forma effect of the merger for the year ended December 31, 2000 and the nine months ended September 30, 2001 assume that we completed the merger transaction with Transocean Sedco Forex and the rig sales on January 1, 2000. This pro forma information does not necessarily reflect what the ratio of earnings to fixed charges would have been if the merger had been completed on that date nor does it necessarily reflect any future ratio of earnings to fixed charges.

The pro forma effect of this exchange offer is not included or required since it has an insignificant (less than 10 percent) effect on the historical ratios.

## RISK FACTORS

In addition to the other information contained in this prospectus and consent solicitation statement and the documents incorporated by reference, you should carefully consider the following risk factors.

### RISK FACTORS RELATING TO THE EXCHANGE OFFERS AND CONSENT SOLICITATIONS

#### THE PROPOSED AMENDMENTS TO THE R&B FALCON INDENTURES WILL AFFORD REDUCED PROTECTION TO REMAINING HOLDERS OF R&B FALCON NOTES.

If the proposed amendments to the R&B Falcon indentures are adopted, the covenants and some other terms of the R&B Falcon notes will be less restrictive and will afford reduced protection to holders of such securities compared to the covenants and other provisions currently contained in the R&B Falcon indentures. The proposed amendments to the R&B Falcon indentures would, among other things:

- eliminate the covenants that restrict the ability of R&B Falcon and some of its subsidiaries to incur, issue, assume or guarantee indebtedness, if that indebtedness is secured by principal properties or securities of such subsidiaries, or enter into sale and leaseback transactions,
- eliminate the covenants in the R&B Falcon 9.125% - 9.50% notes indenture that limit the ability of R&B Falcon to incur indebtedness and to make dividends and distributions (which covenants are currently suspended because R&B Falcon has an investment grade debt rating),
- eliminate some requirements that must be met for R&B Falcon to consolidate, merge or sell all or substantially all of its assets,
- eliminate some events from the definition of an "event of default" under the R&B Falcon notes indentures,
- eliminate the covenant requiring R&B Falcon to prepare and file separate financial reports, and
- eliminate the covenants requiring R&B Falcon to maintain its properties in good condition and repair, and to pay or discharge all material taxes, assessments and governmental charges and all claims which otherwise might become a material lien on the property of R&B Falcon or certain of its subsidiaries.

If the proposed amendments are adopted with respect to the R&B Falcon notes, each non-exchanging holder of R&B Falcon notes will be bound by the proposed amendments even if that holder did not consent to the proposed amendments. The elimination or modification of the covenants and other provisions in the R&B Falcon indentures contemplated by the proposed amendments would, among other things, permit Transocean Sedco Forex, R&B Falcon and their respective subsidiaries to take actions that could increase the credit risk with respect to R&B Falcon, and might adversely affect the liquidity, market price and price volatility of the R&B Falcon notes or otherwise be adverse to the interests of the holders of the R&B Falcon notes. See "The Proposed Amendments."

#### THE LIQUIDITY OF THE R&B FALCON NOTES THAT ARE NOT EXCHANGED WILL BE REDUCED.

The current trading market for the R&B Falcon notes is limited. The trading market for unexchanged R&B Falcon notes will become more limited and could cease to exist due to the reduction in the amount of the R&B Falcon notes outstanding upon consummation of the exchange offers. A more limited trading market might adversely affect the liquidity, market price and price volatility of these securities. If a market for unexchanged R&B Falcon notes exists or

develops, these securities may trade at a discount to the price at which the securities would trade if the amount outstanding were not reduced, depending on prevailing interest rates, the market for similar securities and other factors. However, there can be no assurance that an active market in the unexchanged R&B Falcon notes will exist, develop or be maintained or as to the prices at which the unexchanged R&B Falcon notes may be traded.

OUR HOLDING COMPANY STRUCTURE RESULTS IN STRUCTURAL SUBORDINATION AND MAY AFFECT OUR ABILITY TO MAKE PAYMENTS ON THE TRANSOCEAN SEDCO FOREX NOTES.

The Transocean Sedco Forex notes are obligations exclusively of Transocean Sedco Forex. We are a holding company and, accordingly, substantially all of our operations are conducted through our subsidiaries. As a result, our cash flow and our ability to service our debt, including the notes to be issued in the exchange offers, is dependent upon the earnings of our subsidiaries and on the distribution of earnings, loans or other payments by our subsidiaries to us. The Transocean Sedco Forex notes offered will be structurally subordinated to all obligations of Transocean Sedco Forex's subsidiaries, including any R&B Falcon notes not properly tendered and accepted for payment in the exchange offers, with respect to the assets of such subsidiaries. As of December 31, 2001, the aggregate amount of outstanding long-term debt of Transocean Sedco Forex's subsidiaries to which holders of the Transocean Sedco Forex notes would have been structurally subordinated was approximately \$1,783.9 million, of which \$1,537.9 million represented the carrying value of the six series of R&B Falcon notes for which Transocean Sedco Forex is making the exchange offers. See "Description of the Transocean Sedco Forex Notes -- Ranking; Additional Debt."

A PUBLIC MARKET DOES NOT CURRENTLY EXIST FOR THE TRANSOCEAN SEDCO FOREX NOTES OFFERED IN THE EXCHANGE OFFERS, AND A MARKET MAY NOT DEVELOP OR BE SUSTAINED.

Transocean Sedco Forex does not plan to list the Transocean Sedco Forex notes offered under this prospectus and consent solicitation statement on any national securities exchange or on The Nasdaq Stock Market. Although the R&B Falcon notes are not so listed, there currently exists a limited trading market for the R&B Falcon notes. The Transocean Sedco Forex notes will represent new securities for which no such market currently exists. Although a market exists for currently outstanding debt securities of Transocean Sedco Forex, there can be no assurance that an active trading market for the Transocean Sedco Forex notes offered under this prospectus and consent solicitation statement will develop or, if such a market develops, that it will be liquid or sustainable.

A RATINGS DECLINE COULD ADVERSELY AFFECT THE VALUE OF THE NOTES.

Any of the agencies that rate our debt have the ability to lower the ratings currently assigned to our debt, as a result of their views about our current or future business, financial condition or results of operations. Any ratings decline could adversely affect the value of the Transocean Sedco Forex notes offered under this prospectus and consent solicitation statement.

#### RISK FACTORS RELATING TO THE BUSINESS OF TRANSOCEAN SEDCO FOREX

If any of the following risks occur, our business, financial condition or results of operations could be materially adversely affected.

OUR BUSINESS DEPENDS ON THE LEVEL OF ACTIVITY IN THE OIL AND GAS INDUSTRY, WHICH IS SIGNIFICANTLY AFFECTED BY OIL AND GAS PRICES, WHICH ARE OFTEN VOLATILE.

Our business depends on the level of activity in oil and gas exploration, development and production in markets worldwide, with the U.S. and international offshore and U.S. inland marine areas being our primary markets. Oil and gas prices and market expectations of potential changes in these prices significantly affect this level of activity. Worldwide military, political and

economic events have contributed to oil and gas price volatility and are likely to do so in the future. Oil and gas prices are extremely volatile and are affected by numerous factors, including the following:

- worldwide demand for oil and gas,
- the ability of the Organization of Petroleum Exporting Countries, commonly called "OPEC," to set and maintain production levels and pricing,
- the level of production in non-OPEC countries,
- the policies of various governments regarding exploration and development of their oil and gas reserves,
- advances in exploration and development technology, and
- the worldwide military and political environment, including uncertainty or instability resulting from an escalation or additional outbreak of armed hostilities or other crisis in the Middle East or other geographic areas in which we operate or further acts of terrorism in the United States, or elsewhere.

OUR INDUSTRY IS HIGHLY COMPETITIVE AND CYCLICAL, WITH INTENSE PRICE COMPETITION AND PERIODS OF LOW DEMAND AND EXCESS RIG AVAILABILITY.

The offshore and inland marine contract drilling industry is highly competitive with numerous industry participants, none of which has a dominant market share. Drilling contracts are traditionally awarded on a competitive bid basis. Intense price competition is often the primary factor in determining which qualified contractor is awarded a job, although rig availability and the quality and technical capability of service and equipment may also be considered. Recent mergers among oil and natural gas exploration and production companies have reduced the number of available customers.

Our industry has historically been cyclical and may be impacted by oil and gas price levels and volatility. There have been periods of high demand, short rig supply and high dayrates, followed by periods of low demand, excess rig supply and low dayrates. Changes in commodity prices can have a dramatic effect on rig demand, and periods of excess rig supply intensify the competition in the industry and often result in rigs being idle for long periods of time. We may be required to idle rigs or to enter into lower rate contracts in response to market conditions in the future.

THE LEVEL OF ACTIVITY IN THE OIL AND GAS INDUSTRY IS CURRENTLY RELATIVELY LOW IN MOST OF OUR MARKETS, WHICH ADVERSELY AFFECTS OUR DAYRATES AND RIG UTILIZATION.

Decreases in U.S. natural gas prices since the beginning of the second quarter 2001 led to a decline in our Gulf of Mexico shallow and inland water segment utilization and dayrates and these conditions could continue or worsen. In addition, reduced exploration and development spending by our customers in response to lower oil and gas prices and consolidation activity among major oil producers has resulted in lower utilization and dayrates for our drilling rigs. Current market conditions have resulted in surplus rig capacity, particularly in the lower specification semisubmersible and some jackup markets. We currently believe that demand in early 2002 will generally decline for midwater rigs in the Gulf of Mexico and North Sea markets and for jackup rigs in the Gulf of Mexico market. If oil or gas prices remain at current levels or decline, demand for our drilling services could be further reduced, which would adversely affect both utilization and dayrates.

OUR DRILLING CONTRACTS MAY BE TERMINATED OR SUSPENDED DUE TO A NUMBER OF EVENTS.

Our customers may terminate or suspend some of our term drilling contracts under various circumstances such as the loss or destruction of the drilling unit or as a result of equipment problems. Some drilling contracts permit the customer to terminate the contract at the customer's option without paying a termination fee. Suspension of drilling contracts results in loss of the dayrate for the period of the suspension. If our customers cancel some of our significant contracts and we are unable to secure new contracts on substantially similar terms, it could adversely affect our results of operations. In reaction to depressed market conditions, our customers may also seek renegotiation of firm drilling contracts to reduce their obligations.

WE MAY FACE DIFFICULTIES IN INTEGRATING OUR COMBINED OPERATIONS.

We have been involved in two merger transactions in the last three years. We may not be able to integrate the operations of the merged or acquired companies without a loss of employees, customers or suppliers, a loss of revenues, an increase in operating or other costs or other difficulties. In addition, we may not be able to realize the operating efficiencies, synergies, cost savings or other benefits expected from these transactions.

We plan to continue our restructuring of the ownership of a portion of the assets held by R&B Falcon and its subsidiaries at the time of our merger. This restructuring is intended to achieve operational efficiencies, including improved worldwide cash management and increased flexibility for operating rigs in various jurisdictions, and allow for potential tax and other savings. Any transfers of assets by R&B Falcon or one of its subsidiaries to Transocean Sedco Forex or one of its other subsidiaries in this restructuring could, in some cases, result in the imposition of additional taxes.

OUR BUSINESS INVOLVES NUMEROUS OPERATING HAZARDS AND IT WILL NOT BE FULLY INSURED AGAINST ALL OF THEM.

Our operations are subject to the usual hazards inherent in the drilling of oil and gas wells, such as blowouts, reservoir damage, loss of production, loss of well control, punchthroughs, craterings and fires. The occurrence of these events could result in the suspension of drilling operations, damage to or destruction of the equipment involved and injury or death to rig personnel. We may also be subject to personal injury and other claims of rig personnel as a result of our drilling operations. Operations also may be suspended because of machinery breakdowns, abnormal drilling conditions, failure of subcontractors to perform or supply goods or services or personnel shortages. In addition, offshore drilling operators are subject to perils peculiar to marine operations, including capsizing, grounding, collision and loss or damage from severe weather. Damage to the environment could also result from our operations, particularly through oil spillage or extensive uncontrolled fires. We may also be subject to property, environmental and other damage claims by oil and gas companies. Our insurance policies and contractual rights to indemnity may not adequately cover losses, and we may not have insurance coverage or rights to indemnity for all risks.

If a significant accident or other event, including terrorist acts, war, civil disturbances, pollution or environmental damage, occurs and is not fully covered by insurance or a recoverable indemnity from a client, it could adversely affect our consolidated financial position or results of operations. Moreover, no assurance can be made that we will be able to maintain adequate insurance in the future at rates we consider reasonable or be able to obtain insurance against certain risks, particularly in light of the instability and developments in the insurance markets following the recent terrorist attacks. See "-- Recent terrorist attacks and United States military action could result in a material adverse effect on our business" for further details.

OUR NON-U.S. OPERATIONS WILL INVOLVE ADDITIONAL RISKS NOT ASSOCIATED WITH OUR U.S. OPERATIONS.

We operate in various regions throughout the world that may expose us to political and other uncertainties, including risks of:

- terrorist acts, war and civil disturbances,
- expropriation or nationalization of equipment,
- the inability to repatriate income or capital, and
- changing taxation policies.

Many governments favor or effectively require the awarding of drilling contracts to local contractors or require foreign contractors to employ citizens of, or purchase supplies from, a particular jurisdiction. These practices may adversely affect our ability to compete.

Our non-U.S. contract drilling operations are subject to various laws and regulations in countries in which we operate, including laws and regulations relating to the equipment and operation of drilling units, currency conversions and repatriation, oil and gas exploration and development and taxation of offshore earnings and earnings of expatriate personnel. Governments in some foreign countries have become increasingly active in regulating and controlling the ownership of concessions and companies holding concessions, the exploration of oil and gas and other aspects of the oil and gas industries in their countries. In addition, government action, including initiatives by OPEC, may continue to cause oil or gas price volatility. In some areas of the world, this governmental activity has adversely affected the amount of exploration and development work done by major oil companies and may continue to do so.

Another risk inherent in our operations is the possibility of currency exchange losses where revenues are received and expenses are paid in foreign currencies. We may also incur losses as a result of an inability to collect revenues because of a shortage of convertible currency available to, or transfer or exchange by, the country of operation.

FAILURE TO RETAIN KEY PERSONNEL COULD HURT OUR OPERATIONS.

We require highly skilled personnel to operate and provide technical services and support for our drilling units. To the extent that demand for drilling services and the size of the worldwide industry fleet increase, shortages of qualified personnel could arise, creating upward pressure on wages.

On a worldwide basis, we had approximately 11.3 percent of our employees working under collective bargaining agreements as of December 31, 2001, most of whom were working in Norway, Nigeria, Brazil and Venezuela. Of these represented employees, a majority are working under agreements that are subject to salary negotiation in 2002. In addition, the Company has signed a recognition agreement requiring negotiation with a labor union representing employees in the U.K. These negotiations are expected to begin in the second quarter of 2002 and could result in collective bargaining agreements covering these employees, which could result in higher personnel expenses, other increased costs or increased operating restrictions.

GOVERNMENTAL LAWS AND REGULATIONS MAY ADD TO OUR COSTS OR LIMIT DRILLING ACTIVITY.

Our operations are affected from time to time in varying degrees by governmental laws and regulations. The drilling industry is dependent on demand for services from the oil and gas exploration industry and, accordingly, is also affected by changing tax and other laws relating to the energy business generally. We may be required to make significant capital expenditures to comply with laws and regulations. It is also possible that these laws and regulations may in the future add significantly to operating costs or may limit drilling activity.

COMPLIANCE WITH OR BREACH OF ENVIRONMENTAL LAWS CAN BE COSTLY AND COULD LIMIT OUR OPERATIONS.

Our operations are subject to regulations controlling the discharge of materials into the environment, requiring removal and cleanup of materials that may harm the environment or otherwise relating to the protection of the environment. For example, as an operator of mobile offshore drilling units in navigable United States waters and some offshore areas, we may be liable for damages and costs incurred in connection with oil spills related to those operations. Laws and regulations protecting the environment have become more stringent in recent years, and may in some cases impose strict liability, rendering a person liable for environmental damage without regard to negligence. These laws and regulations may expose us to liability for the conduct of or conditions caused by others or for acts that were in compliance with all applicable laws at the time they were performed. The application of these requirements or the adoption of new requirements could have a material adverse effect on our financial position and results of our operations.

OUR ADOPTION OF SFAS NO. 142 COULD ADVERSELY AFFECT EARNINGS.

In July 2001, the FASB issued SFAS No. 142, Goodwill and Other Intangible Assets, which became effective for fiscal years beginning after December 15, 2001. SFAS No. 142 prohibits amortization of goodwill and requires that goodwill be tested at least annually for impairment. The statement also includes specific guidance for testing goodwill impairment. We adopted SFAS No. 142 as of January 1, 2002. Our management is currently evaluating SFAS No. 142 and the impact of implementing the required goodwill impairment test on our consolidated financial position and results of operations. While we have not completed our evaluation, we believe that there could be a charge to earnings in 2002 for impairment of goodwill and that such charge could be significant.

RECENT TERRORIST ATTACKS AND UNITED STATES MILITARY ACTION COULD RESULT IN A MATERIAL ADVERSE EFFECT ON OUR BUSINESS.

On September 11, 2001, the United States was the target of terrorist attacks of unprecedented scope. On October 7, 2001, the United States commenced military action in Afghanistan in response to these attacks. Military action by the United States may continue indefinitely and may escalate and armed hostilities may begin or escalate in other countries. Further acts of terrorism in the United States or elsewhere may occur, and such acts of terrorism could be directed against companies such as ours. These developments have caused instability in the world's financial and insurance markets and will likely significantly increase political and economic instability in the geographic areas in which we currently operate. In addition, these developments could lead to increased volatility in prices for crude oil and natural gas and could affect the markets for drilling services.

Following the terrorist attacks on September 11, 2001, insurance underwriters increased insurance premiums charged for many of the coverages historically maintained and issued general notices of cancellations to their customers for war risk, terrorism and political risk insurance in respect of a wide variety of insurance coverages, including but not limited to, liability and aviation coverages. Our insurance underwriters renegotiated substantially higher premium rates for war risk coverage, which can be cancelled by the underwriters on short notice. Insurance premiums could be increased further or coverages may be unavailable in the future.

United States government regulations effectively preclude us from actively engaging in business activities in certain countries. These regulations could be amended to cover countries where we currently operate or where we may wish to operate in the future. These developments could subject the worldwide operations of our company to increased risks and, depending on their magnitude, could have a material adverse effect on our business.

Each forward-looking statement speaks only as of the date of the particular statement, and we undertake no obligation to publicly update or revise any forward-looking statements. Nothing in this document is intended to provide guidance for financial results for periods not yet reported by either Transocean Sedco Forex or R&B Falcon. Any guidance given prior to the date of this prospectus and consent solicitation statement in any other document filed with the SEC prior to this date and incorporated into this prospectus and consent solicitation statement spoke only as of the date such statement was made and neither company undertook any obligation to update such statements. Any such guidance may have been superseded and in any event should no longer be relied upon by investors receiving this prospectus and consent solicitation statement.

#### ENFORCEABILITY OF CIVIL LIABILITIES AGAINST FOREIGN PERSONS

Transocean Sedco Forex is a Cayman Islands exempted company, and certain of our officers and directors may be residents of various jurisdictions outside the United States. All or a substantial portion of our assets and the assets of these persons may be located outside the United States. As a result, it may be difficult for investors to effect service of process within the United States upon these persons or to enforce any United States court judgment obtained against these persons that are predicated upon the civil liability provisions of the Securities Act. We have agreed to be served with process with respect to actions based on the exchange offers and consent solicitations. To bring a claim against us, you may serve our Corporate Secretary,

c/o Transocean Sedco Forex Inc., 4 Greenway Plaza, Houston, Texas 77046, our United States agent appointed for that purpose.

Walkers, our Cayman Islands legal counsel, has advised us that there is doubt as to whether Cayman Islands courts would enforce (1) judgments of United States courts obtained in actions against us or other persons that are predicated on the civil liability provisions of the Securities Act or (2) original actions brought against us or other persons predicated on the Securities Act. There is no treaty between the United States and the Cayman Islands providing for enforcement of judgments, and there are grounds upon which Cayman Islands courts may not enforce judgments of United States courts. In general, Cayman Islands courts would not enforce any remedies if they are deemed to be penalties, fines, taxes or similar remedies.

## THE EXCHANGE OFFERS

### PURPOSE OF THE EXCHANGE OFFERS

Since the acquisition of R&B Falcon, Transocean Sedco Forex has been operationally and financially integrating R&B Falcon into the Transocean Sedco Forex organization. See "Certain Related Transactions" for a description of some of these integration and restructuring transactions. The proposed amendments to the R&B Falcon indentures are intended to provide greater operational and financial flexibility, including greater flexibility in continuing our integration and restructuring efforts, and to allow us to structure our operations and the operations of our subsidiaries in a more efficient manner and allow for potential savings. See "The Proposed Amendments."

### TERMS OF THE EXCHANGE OFFERS AND CONSENT SOLICITATIONS

Transocean Sedco Forex is offering to exchange its notes for each of the six series of issued and outstanding R&B Falcon notes in six separate exchange offers. Specifically, Transocean Sedco Forex is offering:

- \$1,000 principal amount of Transocean Sedco Forex's 9.125% Notes due December 15, 2003 (the "Transocean 9.125% notes"), for each \$1,000 principal amount of outstanding R&B Falcon 9.125% Notes due December 15, 2003 (the "R&B Falcon 9.125% notes").
- \$1,000 principal amount of Transocean Sedco Forex's 9.50% Notes due December 15, 2008 (the "Transocean 9.50% notes"), for each \$1,000 principal amount of outstanding R&B Falcon 9.50% Notes due December 15, 2008 (the "R&B Falcon 9.50% notes").

The principal amounts, interest rates, redemption terms and payment and maturity dates of a particular series of Transocean Sedco Forex notes offered in the exchange offers are the same as those of the corresponding series of R&B Falcon notes. The Transocean Sedco Forex notes you receive in exchange for R&B Falcon notes will accrue interest from the last date to which interest has been paid on those R&B Falcon notes. You will not receive a payment for accrued interest on R&B Falcon notes you exchange at the time of that exchange.

The Transocean 6.50% notes, Transocean 6.75% notes, Transocean 6.95% notes, Transocean 7.375% notes, Transocean 9.125% notes and Transocean 9.50% notes are together referred to as the "Transocean Sedco Forex notes." The R&B Falcon 6.50% notes, R&B Falcon 6.75% notes, R&B Falcon 6.95% notes, R&B Falcon 7.375% notes, R&B Falcon 9.125% notes and R&B Falcon 9.50% notes are together referred to as the "R&B Falcon notes." The indenture for the R&B Falcon 6.50% notes, R&B Falcon 6.75% notes, R&B Falcon 6.95% notes and R&B Falcon 7.375% notes is referred to as the "R&B Falcon 6.50%-7.375% notes indenture." The

indenture for the R&B Falcon 9.125% notes and R&B Falcon 9.50% notes is referred to as the "R&B Falcon 9.125%-9.50% notes indenture." The R&B Falcon 6.50%-7.375% notes indenture and the R&B Falcon 9.125%-9.50% notes indenture are together referred to as the "R&B Falcon indentures."

Transocean Sedco Forex is also soliciting consents from the holders of each series of R&B Falcon notes to effect a number of amendments to the R&B Falcon indentures under which those notes were issued. For a description of the proposed amendments, see "The Proposed Amendments." Transocean Sedco Forex's obligation to complete each exchange offer and cause R&B Falcon to make the consent payments relating to that exchange offer is conditioned on, among other things, receipt of valid and unrevoked consents to the amendments from the holders of record as of the close of business on February 13, 2002 (such time and date being herein referred to as the "Record Date") of a majority in principal amount of each of the six series of R&B Falcon notes (the "Consent Condition"), although Transocean Sedco Forex will be free to waive this or any other condition with respect to any or all of the exchange offers. A holder validly tendering notes for exchange will, by tendering those notes, be consenting to the proposed amendments to the indenture under which those notes were issued.

In addition to the Transocean Sedco Forex notes that Transocean Sedco Forex will issue in exchange for R&B Falcon notes, R&B Falcon will pay an amount in cash equal to the applicable consent payment listed on the cover page of this prospectus and consent solicitation statement to each holder of R&B Falcon notes accepted for exchange if the holder has tendered those notes prior to the applicable consent payment deadline. The consent payment deadline for each exchange offer (that is, the time by which holders must tender R&B Falcon notes in that offer in order to be eligible to receive the consent payment) will be Midnight, New York City time, on February 13, 2002, unless extended.

R&B FALCON WILL MAKE A CONSENT PAYMENT FOR R&B FALCON NOTES IF AND ONLY IF THE HOLDER OF THOSE NOTES TENDERS THOSE NOTES IN THE APPLICABLE EXCHANGE OFFER PRIOR TO THE APPLICABLE CONSENT PAYMENT DEADLINE AND TRANSOCEAN SEDCO FOREX IN FACT EXCHANGES THOSE NOTES FOR TRANSOCEAN SEDCO FOREX NOTES IN THAT EXCHANGE OFFER.

If the required consents are received with respect to each series of R&B Falcon notes, then R&B Falcon and the trustee with respect to each series of the R&B Falcon notes under the R&B Falcon indentures (the "R&B Falcon trustee") will execute supplemental indentures setting forth the proposed amendments in respect of all series. If the required consents are received with respect to one or more, but not all, series of R&B Falcon notes and Transocean Sedco Forex waives the condition that it receive consents to the proposed amendments to the R&B Falcon indenture with respect to each series of R&B Falcon notes, then R&B Falcon and the R&B Falcon trustee will execute a supplemental indenture setting forth the proposed amendments in respect of the series as to which the required consents are received. Under the terms of the supplemental indentures, the amendments will not become operative with respect to a series of R&B Falcon notes unless and until Transocean Sedco Forex exchanges all R&B Falcon notes of that series validly tendered and not withdrawn for Transocean Sedco Forex notes of the corresponding series pursuant to the applicable exchange offer, even if all notes of that series that were validly tendered are withdrawn. Each non-exchanging holder of that series of R&B Falcon notes will be bound by the supplemental indenture.

#### CONDITIONS TO THE EXCHANGE OFFERS AND CONSENT SOLICITATIONS

Transocean Sedco Forex's obligation to complete each exchange offer and cause R&B Falcon to make the consent payments relating to that exchange offer is subject to the satisfaction or waiver (by Transocean Sedco Forex) of the following conditions: (a) the Consent Condition described under "Terms of the Exchange Offers and Consent Solicitations" above, (b) the valid tender (and no withdrawal) of a majority in principal amount held by nonaffiliates of R&B Falcon of each of the six series of R&B Falcon notes as of the expiration date of the

exchange offer, as may be extended, for that series of R&B Falcon notes and (c) the following statements being true:

(1) In the reasonable judgment of Transocean Sedco Forex, no action or event has occurred or been threatened (including a default under an agreement, indenture or other instrument or obligation to which Transocean Sedco Forex or one of its affiliates is a party or by which it is bound), no action is pending, no action has been taken, and no statute, rule, regulation, judgment, order, stay, decree or injunction has been promulgated, enacted, entered, enforced or deemed applicable to the exchange offers, the exchange of R&B Falcon notes under the exchange offers, the consent solicitations or the proposed amendments, by or before any court or governmental, regulatory or administrative agency, authority or tribunal, which either:

- challenges the exchange offers, the exchange of R&B Falcon notes under the exchange offers, the consent solicitations or the proposed amendments or might, directly or indirectly, prohibit, prevent, restrict or delay consummation of, or might otherwise adversely affect in any material manner, the exchange offers, the exchange of R&B Falcon notes under the exchange offers, the consent solicitations or the proposed amendments, or
- in the reasonable judgment of Transocean Sedco Forex, could materially affect the business, condition (financial or otherwise), income, operations, properties, assets, liabilities or prospects of Transocean Sedco Forex and its subsidiaries, taken as a whole, or materially impair the contemplated benefits to Transocean Sedco Forex of the exchange offers, the exchange of R&B Falcon notes under the exchange offers, the consent solicitations or the proposed amendments, or might be material to holders of R&B Falcon notes in deciding whether to accept the exchange offers and give their consents;

(2) None of the following has occurred:

- any general suspension of or limitation on trading in securities on any United States or European national securities exchange or in the over-the-counter market (whether or not mandatory),
- any material adverse change in the prices of the R&B Falcon notes,
- a material impairment in the general trading market for debt securities,
- a declaration of a banking moratorium or any suspension of payments in respect of banks by federal or state authorities in the United States (whether or not mandatory),
- a commencement or escalation of a war, armed hostilities, terrorist act or other national or international crisis directly or indirectly relating to the United States,
- any limitation (whether or not mandatory) by any governmental authority on, or other event having a reasonable likelihood of affecting, the extension of credit by banks or other lending institutions in the United States,
- any material adverse change in United States securities or financial markets generally, or
- in the case of any of the foregoing existing at the time of the commencement of the exchange offers, a material acceleration or worsening thereof; and

(3) The R&B Falcon trustee has executed and delivered a supplemental indenture relating to the proposed amendments and has not objected in any respect to, or taken any action that could in the reasonable judgment of Transocean Sedco Forex adversely affect the

consummation of, any of the exchange offers, the exchange of R&B Falcon notes under the exchange offers, the consent solicitations or Transocean Sedco Forex's ability to effect the proposed amendments, nor has the R&B Falcon trustee taken any action that challenges the validity or effectiveness of the procedures used by Transocean Sedco Forex in soliciting consents (including the form thereof) or in making the exchange offers, the exchange of the R&B Falcon notes under the exchange offers or the consent solicitations.

All of these conditions are for the sole benefit of Transocean Sedco Forex and may be waived by Transocean Sedco Forex, in whole or in part, and with respect to the exchange offers for any or all series of R&B Falcon notes, in its sole discretion. Any determination made by Transocean Sedco Forex concerning these events, developments or circumstances shall be conclusive and binding.

If any of these conditions are not satisfied with respect to a particular series of R&B Falcon notes, Transocean Sedco Forex may, at any time before or concurrently with the consummation of the exchange offer or consent solicitation with respect to that series:

(1) terminate the exchange offer and the consent solicitation with respect to that series of R&B Falcon notes and return all tendered R&B Falcon notes of that series to the holders thereof (whether or not it terminates the exchange offers and consent solicitations with respect to any or all other series of R&B Falcon notes),

(2) modify, extend or otherwise amend the exchange offer and consent solicitation with respect to that series of R&B Falcon notes (whether or not it modifies, extends or otherwise amends the exchange offers and consent solicitations with respect to any or all other series of R&B Falcon notes) and retain all tendered R&B Falcon notes of that series and consents until the expiration date, as extended, of such exchange offer and consent solicitation, subject, however, to the withdrawal rights of holders (See "The Exchange Offers -- Withdrawal of Tenders and Revocation of Corresponding Consents" and "-- Consent Payment Deadline; Expiration Date; Extensions; Amendments"), or

(3) waive the unsatisfied conditions with respect to such exchange offer and consent solicitation and accept all R&B Falcon notes of that series tendered and not previously withdrawn (whether or not it waives these conditions for the exchange offers and consent solicitations with respect to any or all other series of R&B Falcon notes).

#### CONSENT PAYMENT DEADLINE; EXPIRATION DATE; EXTENSIONS; AMENDMENTS

For purposes of each of the consent solicitations, the term "consent payment deadline" means Midnight, New York City time, on February 13, 2002, subject to the right of Transocean Sedco Forex to extend that date and time for any of the consent solicitations in its sole discretion (whether or not it extends that date and time with respect to any or all other consent solicitations), in which case the consent payment deadline shall be, with respect to any such extended consent solicitation, the latest date and time to which that consent payment deadline is extended.

For purposes of each of the exchange offers, the term "expiration date" means 5:00 p.m., New York City time, on March 1, 2002, subject to the right of Transocean Sedco Forex to extend that date and time for any of the exchange offers in its sole discretion, in which case the expiration date shall be, with respect to any such extended exchange offer, the latest date and time to which that exchange offer is extended.

Transocean Sedco Forex reserves the right, in its sole discretion, to (1) delay accepting any validly tendered R&B Falcon notes of any series, (2) extend any or all of the exchange offers, or (3) terminate or amend any or all of the exchange offers, by giving oral or written notice of such delay, extension, termination or amendment to the exchange agent. Any such delay in acceptance, extension, termination or amendment will be followed as promptly as practicable by

a public announcement thereof which, in the case of an extension, will be made no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date.

Transocean Sedco Forex also reserves the right, in its sole discretion, to provide a subsequent offering period of between three and 20 business days for any or all of the exchange offers. If a subsequent offering period is provided, all R&B Falcon notes validly tendered and not withdrawn prior to the expiration date of the initial offering period will be accepted and exchanged for Transocean Sedco Forex notes and we will make a public announcement of the subsequent offering period no later than 9:00 a.m., New York City time, on the next business day after the expiration date of the initial offering period. Unless otherwise provided in the announcement of the subsequent offering period, all R&B Falcon notes validly tendered during the subsequent offering period will be promptly accepted and exchanged for the applicable series of Transocean Sedco Forex notes as they are tendered. Unless otherwise provided in the announcement of the subsequent offering period, holders of R&B Falcon notes will not have the right to withdraw notes tendered during the subsequent offering period and no consent payment will be made with respect to notes tendered during the subsequent offering period.

If the exchange offers are amended in a manner determined by Transocean Sedco Forex to constitute a material change, Transocean Sedco Forex will promptly disclose such amendment by means of a prospectus supplement that will be distributed to holders of R&B Falcon Notes and Transocean Sedco Forex will extend the exchange offers to a date five to ten business days after disclosing the amendment, depending upon the significance of the amendment and the manner of disclosure to the holders, if the exchange offers would otherwise have expired during such five to ten business day period.

Without limiting the manner in which Transocean Sedco Forex may choose to make a public announcement of any delay, extension, amendment or termination of any of the exchange offers and consent solicitations, Transocean Sedco Forex will have no obligation to publish, advertise or otherwise communicate any such public announcement other than by making a timely release to any appropriate news agency, including the Dow Jones News Service.

#### EFFECT OF TENDER

Any tender by a holder of any series of R&B Falcon notes that is not withdrawn prior to the expiration date of the applicable exchange offer will constitute a binding agreement between that holder and Transocean Sedco Forex, and, if not withdrawn prior to the applicable consent payment deadline, a consent to the proposed amendments, upon the terms and subject to the conditions of that exchange offer and the letter of transmittal and consent. The acceptance of an exchange offer by a tendering holder of any series of R&B Falcon notes will constitute the agreement by that holder to deliver good and marketable title to the tendered R&B Falcon notes, free and clear of all liens, charges, claims, encumbrances, interests and restrictions of any kind.

#### ABSENCE OF DISSENTERS' RIGHTS

Holders of the R&B Falcon notes do not have any appraisal or dissenters' rights under New York law, the law governing the R&B Falcon indentures and the R&B Falcon notes, or under the terms of the R&B Falcon indentures in connection with the exchange offers and consent solicitations.

#### ACCOUNTING TREATMENT OF EXCHANGE OFFERS

The exchange offers will be accounted for by Transocean Sedco Forex as an exchange of debt under United States generally accepted accounting principles. The Transocean Sedco Forex notes to be issued in the exchange offers will be recorded at the same carrying value as the R&B Falcon notes. Accordingly, Transocean Sedco Forex will recognize no gain or loss for accounting purposes upon the consummation of the exchange offers. Transocean Sedco Forex will amortize

a portion of the expenses of the exchange offers over the term of the Transocean Sedco Forex notes issued in the exchange offers.

#### ACCEPTANCE OF R&B FALCON NOTES FOR EXCHANGE; DELIVERY OF TRANSOCEAN SEDCO FOREX NOTES AND CONSENT PAYMENTS

Assuming the conditions to the exchange offers are satisfied or waived, Transocean Sedco Forex will issue new notes in book-entry form and cause R&B Falcon to make consent payments in exchange for R&B Falcon notes on the third business day following the expiration date of the applicable exchange offer or as soon as practicable after that date. We refer to the date on which we exchange Transocean Sedco Forex notes for R&B Falcon notes pursuant to any exchange offer as the "exchange date" for that exchange offer.

Transocean Sedco Forex will be deemed to have accepted validly tendered R&B Falcon notes of any series when, and if, Transocean Sedco Forex has given oral or written notice thereof to the exchange agent. Subject to the terms and conditions of the exchange offers, delivery of Transocean Sedco Forex notes and consent payments for R&B Falcon notes of any series accepted by Transocean Sedco Forex will be made by the exchange agent on the applicable exchange date upon receipt of such notice. The exchange agent will act as agent for tendering holders of the R&B Falcon notes for the purpose of receiving R&B Falcon notes from and transmitting Transocean Sedco Forex notes and consent payments to such holders. If any tendered R&B Falcon notes are not accepted for any reason set forth in the terms and conditions of the exchange offers or if R&B Falcon notes are withdrawn prior to the expiration of the applicable exchange offer, such unaccepted or withdrawn R&B Falcon notes will be returned without expense to the tendering holder as promptly as practicable after the expiration or termination of the applicable exchange offer.

#### PROCEDURES FOR TENDERING

If you hold R&B Falcon notes of any series and wish to have those notes exchanged for Transocean Sedco Forex notes of the corresponding series, you must validly tender (or cause the valid tender of) your R&B Falcon notes using the procedures described in this prospectus and consent solicitation statement and in the accompanying letter of transmittal and consent. The proper tender of R&B Falcon notes will constitute an automatic consent to the proposed amendments to the R&B Falcon indentures.

The procedures by which you may tender or cause to be tendered R&B Falcon notes will depend upon the manner in which you hold the R&B Falcon notes, as described below.

#### TENDER OF R&B FALCON NOTES HELD THROUGH A NOMINEE

If you are a beneficial owner of R&B Falcon notes that are held of record by a custodian bank, depository, broker, trust company or other nominee, and you wish to tender R&B Falcon notes in any of the exchange offers, you should contact the record holder promptly and instruct the record holder to tender the R&B Falcon notes and deliver a consent on your behalf using one of the procedures described below.

#### TENDER OF R&B FALCON NOTES HELD WITH DTC

Pursuant to authority granted by The Depository Trust Company, or DTC, if you are a DTC participant that has R&B Falcon notes credited to your DTC account and thereby held of record by DTC's nominee, you may directly tender your R&B Falcon notes and deliver a consent as if you were the record holder. Accordingly, references herein to record holders include DTC participants with R&B Falcon notes credited to their accounts. Within two business days after the date of this prospectus and consent solicitation statement, the exchange agent will establish accounts with respect to the R&B Falcon notes at DTC for purposes of the exchange offers.

Any participant in DTC may tender R&B Falcon notes and deliver a consent to the proposed amendments to the R&B Falcon indentures by effecting a book-entry transfer of the R&B Falcon notes to be tendered in the applicable exchange offer(s) into the account of the exchange agent at DTC and either (1) electronically transmitting its acceptance of the applicable exchange offer through DTC's Automated Tender Offer Program ("ATOP") procedures for transfer; or (2) completing and signing the letter of transmittal and consent according to the instructions and delivering it, together with any signature guarantees and other required documents, to the exchange agent at its address on the back cover page of this prospectus and consent solicitation statement, in either case before the applicable exchange offer(s) expire(s).

If ATOP procedures are followed, DTC will verify each acceptance transmitted to it, execute a book-entry delivery to the exchange agent's account at DTC and send an agent's message to the exchange agent. An "agent's message" is a message, transmitted by DTC to and received by the exchange agent and forming part of a book-entry confirmation, which states that DTC has received an express acknowledgement from a DTC participant tendering R&B Falcon notes that the participant has received and agrees to be bound by the terms of the letter of transmittal and consent and that Transocean Sedco Forex and R&B Falcon may enforce the agreement against the participant. DTC participants following this procedure should allow sufficient time for completion of the ATOP procedures prior to the expiration date of the applicable exchange offer.

The letter of transmittal and consent (or facsimile thereof), with any required signature guarantees, or (in the case of book-entry transfer) an agent's message in lieu of the letter of transmittal and consent, and any other required documents, must be transmitted to and received by the exchange agent prior to the expiration date of the applicable exchange offer at one of its addresses set forth on the back cover page of this prospectus and consent solicitation statement. Delivery of such documents to DTC does not constitute delivery to the exchange agent.

#### LETTER OF TRANSMITTAL AND CONSENT

Subject to and effective upon the acceptance for exchange and exchange of Transocean Sedco Forex notes for R&B Falcon notes tendered by a letter of transmittal and consent in accordance with the terms and subject to the conditions set forth in this prospectus and consent solicitation statement, by executing and delivering a letter of transmittal and consent (or agreeing to the terms of a letter of transmittal and consent pursuant to an agent's message) a tendering holder of R&B Falcon notes:

- irrevocably sells, assigns and transfers to or upon the order of Transocean Sedco Forex all right, title and interest in and to, and all claims in respect of or arising or having arisen as a result of the holder's status as a holder of the R&B Falcon notes tendered thereby,
- waives any and all rights with respect to the R&B Falcon notes (including any existing or past defaults and their consequences in respect of the R&B Falcon notes),
- releases and discharges Transocean Sedco Forex, R&B Falcon and the R&B Falcon trustee from any and all claims such holder may have, now or in the future, arising out of or related to the R&B Falcon notes, including any claims that such holder is entitled to receive additional principal or interest payments with respect to the R&B Falcon notes (other than as expressly provided in this document and in the letter of transmittal and consent) or to participate in any redemption or defeasance of the R&B Falcon notes,
- represents and warrants that the R&B Falcon notes tendered were owned as of the date of tender, free and clear of all liens, charges, claims, encumbrances, interests and restrictions of any kind,
- consents to the proposed amendments described under "Proposed Amendments" below, and

- irrevocably constitutes and appoints the exchange agent the true and lawful agent and attorney-in-fact of the holder with respect to any tendered R&B Falcon notes, with full powers of substitution and revocation (such power of attorney being deemed to be an irrevocable power coupled with an interest) to cause the R&B Falcon notes tendered to be assigned, transferred and exchanged in the applicable exchange offer.

There is a single form of letter of transmittal and consent that you can fill out for any series of R&B Falcon notes.

#### PROPER EXECUTION AND DELIVERY OF LETTER OF TRANSMITTAL AND CONSENT

If you wish to participate in the exchange offers and consent solicitations, delivery of your R&B Falcon notes, signature guarantees and other required documents are your responsibility. Delivery is not complete until the required items are actually received by the exchange agent. If you mail these items, Transocean Sedco Forex recommends that you (1) use registered mail properly insured with return receipt requested and (2) mail the required items sufficiently in advance of the expiration date with respect to the applicable exchange offer to allow sufficient time to ensure timely delivery.

Except as otherwise provided below, all signatures on the letter of transmittal and consent or a notice of withdrawal must be guaranteed by a recognized participant in the Securities Transfer Agents Medallion Program, the NYSE Medallion Signature Program or the Stock Exchange Medallion Program. Signatures on the letter of transmittal and consent need not be guaranteed if:

- the letter of transmittal and consent is signed by a participant in DTC whose name appears on a security position listing of DTC as the owner of the R&B Falcon notes and the portion entitled "Special Issuance and Payment Instructions" or "Special Delivery Instructions" on the letter of transmittal and consent has not been completed, or
- the R&B Falcon notes are tendered for the account of an Eligible Institution. See Instruction 4 in the letter of transmittal and consent.

#### WITHDRAWAL OF TENDERS AND REVOCATION OF CORRESPONDING CONSENTS

Tenders of R&B Falcon notes in connection with any of the exchange offers may be withdrawn at any time prior to expiration of the applicable exchange offer. Tenders of R&B Falcon notes may not be withdrawn at any time after expiration. The valid withdrawal of tendered R&B Falcon notes prior to the applicable consent payment deadline will be deemed to be a concurrent revocation of the related consent to the proposed amendments to the applicable R&B Falcon indenture. You may only revoke a consent by validly withdrawing the related R&B Falcon notes prior to the consent payment deadline.

Beneficial owners desiring to withdraw R&B Falcon notes previously tendered should contact the DTC participant through which they hold their R&B Falcon notes. In order to withdraw R&B Falcon notes previously tendered, a DTC participant may, prior to the expiration date of the applicable exchange offer, withdraw its instruction previously transmitted through ATOP by (1) withdrawing its acceptance through ATOP, or (2) delivering to the exchange agent by mail, hand delivery or facsimile transmission, notice of withdrawal of such instruction. The notice of withdrawal must contain the name and number of the DTC participant. Withdrawal of a prior instruction will be effective upon receipt of such notice of withdrawal by the exchange agent. All signatures on a notice of withdrawal must be guaranteed by a recognized participant in the Securities Transfer Agents Medallion Program, the NYSE Medallion Signature Program or the Stock Exchange Medallion Program, except that signatures on the notice of withdrawal need not be guaranteed if the R&B Falcon notes being withdrawn are held for the account of an Eligible Institution. A withdrawal of an instruction must be executed by a DTC participant in the same manner as such DTC participant's name appears on its transmission through ATOP to which

such withdrawal relates. A DTC participant may withdraw a tender only if such withdrawal complies with the provisions described in this paragraph.

Withdrawals of tenders of R&B Falcon notes may not be rescinded and any R&B Falcon notes withdrawn will thereafter be deemed not validly tendered for purposes of any exchange offer. Properly withdrawn R&B Falcon notes, however, may be retendered by following the procedures described above at any time prior to expiration of the applicable exchange offer.

#### MISCELLANEOUS

All questions as to the validity, form, eligibility (including time of receipt) and acceptance for exchange of any tender of R&B Falcon notes in connection with any exchange offer will be determined by Transocean Sedco Forex, in its sole discretion, whose determination will be final and binding. Transocean Sedco Forex reserves the absolute right to reject any or all tenders not in proper form or the acceptance for exchange of which may, in the opinion of counsel for Transocean Sedco Forex, be unlawful. Transocean Sedco Forex also reserves the absolute right to waive any defect or irregularity in the tender of any R&B Falcon notes in any exchange offer, and the interpretation by Transocean Sedco Forex of the terms and conditions of its exchange offers (including the instructions in the letter of transmittal and consent) will be final and binding on all parties. None of Transocean Sedco Forex, R&B Falcon, the exchange agent, the information agent, the dealer managers or any other person will be under any duty to give notification of any defects or irregularities in tenders or incur any liability for failure to give any such notification.

Tenders of R&B Falcon notes involving any irregularities will not be deemed to have been made until such irregularities have been cured or waived. R&B Falcon notes received by the exchange agent in connection with any exchange offer that are not validly tendered and as to which the irregularities have not been cured or waived will be returned by the exchange agent to the DTC participant who delivered such R&B Falcon notes by crediting an account maintained at DTC designated by such DTC participant as promptly as practicable after the expiration date of the applicable exchange offer or the withdrawal or termination of the applicable exchange offer.

#### TRANSFER TAXES

Transocean Sedco Forex will pay all transfer taxes, if any, applicable to the transfer and sale of R&B Falcon notes to Transocean Sedco Forex in the exchange offers. If transfer taxes are imposed for any other reason, the amount of those transfer taxes, whether imposed on the registered holders or any other persons, will be payable by the tendering holder. Other reasons transfer taxes could be imposed include:

- if Transocean Sedco Forex notes in book-entry form are to be registered in the name of any person other than the person signing the letter of transmittal and consent, or
- if tendered R&B Falcon notes are registered in the name of any person other than the person signing the letter of transmittal and consent.

If satisfactory evidence of payment of or exemption from those transfer taxes is not submitted with the letter of transmittal and consent, the amount of those transfer taxes will be billed directly to the tendering holder and/or withheld from any payments due with respect to the R&B Falcon notes tendered by such holder.

#### U.S. FEDERAL BACKUP WITHHOLDING; WITHHOLDING ON CONSENT PAYMENTS TO NON-U.S. HOLDERS

U.S. federal income tax law requires that a holder of R&B Falcon notes, whose notes are accepted for exchange, provide the exchange agent, as payer, with the holder's correct taxpayer identification number or otherwise establish a basis for an exemption from backup withholding. This information should be provided on Internal Revenue Service (IRS) Form W-9. In the case of

a holder who is an individual, other than a resident alien, this identification number is his or her social security number. For holders other than individuals, the identification number is an employer identification number. Exempt holders, including, among others, all corporations and certain foreign individuals, are not subject to these backup withholding and reporting requirements, but must establish that they are so exempt. If you do not provide the exchange agent with your correct taxpayer identification number or an adequate basis for an exemption or a completed IRS Form W-8BEN ("Certificate of Foreign Status of Beneficial Owner for United States Tax Withholding"), you may be subject to backup withholding on payments made in exchange for any R&B Falcon notes and a penalty imposed by the IRS. Backup withholding is not an additional federal income tax. Rather, the amount of tax withheld will be credited against the federal income tax liability of the holder subject to backup withholding. If backup withholding results in an overpayment of taxes, you may obtain a refund from the IRS. You should consult with a tax advisor regarding qualifications for exemption from backup withholding and the procedure for obtaining the exemption.

To prevent backup withholding, you must either (1) provide a completed IRS Form W-9 and indicate either (a) your correct taxpayer identification number, or (b) an adequate basis for an exemption, or (2) provide a completed Form W-8BEN.

In compliance with U.S. federal withholding tax requirements applicable to payments of certain U.S. source income to foreign persons, R&B Falcon intends to withhold tax at the rate of 30% on consent payments made to non-U.S. holders, unless the holder establishes an exemption or a reduced rate. See "Material U.S. Federal Income Tax Consequences -- Non-U.S. Holders -- Consent Payments."

#### EXCHANGE AGENT

Mellon Investor Services LLC has been appointed the exchange agent for the exchange offers and consent solicitations. Letters of transmittal and consent and all correspondence in connection with the exchange offers should be sent or delivered by each holder of R&B Falcon notes, or a beneficial owner's custodian bank, depository, broker, trust company or other nominee, to the exchange agent at the addresses and telephone numbers set forth on the back cover page of this prospectus and consent solicitation statement. Transocean Sedco Forex will pay the exchange agent reasonable and customary fees for its services and will reimburse it for its reasonable, out-of-pocket expenses in connection therewith.

#### INFORMATION AGENT

Mellon Investor Services LLC has been appointed as the information agent for the exchange offers and the consent solicitations, and will receive customary compensation for its services. Questions concerning tender procedures and requests for additional copies of this prospectus and consent solicitation statement or the letter of transmittal and consent should be directed to the information agent at the address and telephone numbers set forth on the back cover page of this prospectus and consent solicitation statement. Holders of R&B Falcon notes may also contact their custodian bank, depository, broker, trust company or other nominee for assistance concerning the exchange offers.

#### DEALER MANAGERS

Transocean Sedco Forex has retained Goldman, Sachs & Co. to act as dealer managers in connection with the exchange offers and consent solicitations and will pay to the dealer managers for soliciting tenders in the exchange offers a customary percentage of the total principal amount outstanding of each series of R&B Falcon notes if the Consent Condition is satisfied and the exchange offers are completed. If the Consent Condition is not satisfied or the exchange offer related to any of the six series of R&B Falcon notes is not completed,

Transocean Sedco Forex will pay the dealer managers the same customary percentage of the total principal amount of R&B Falcon notes tendered and accepted for exchange by Transocean Sedco Forex pursuant to the exchange offers. Transocean Sedco Forex will also reimburse the dealer managers for certain expenses. The obligations of the dealer managers to perform such function are subject to certain conditions. Transocean Sedco Forex has agreed to indemnify the dealer managers against certain liabilities, including liabilities under the federal securities laws. Questions regarding the terms of the exchange offers or the consent solicitations may be directed to the dealer managers at the address and telephone numbers set forth on the back cover page of this prospectus and consent solicitation statement.

From time to time, the dealer managers have provided, and may provide in the future, investment banking and other services for Transocean Sedco Forex and R&B Falcon for customary compensation.

#### OTHER FEES AND EXPENSES

The expenses of soliciting tenders of the R&B Falcon notes will be borne by Transocean Sedco Forex. The principal solicitation is being made by mail; however, additional solicitations may be made by facsimile transmission, telephone or in person by the dealer managers and the information agent, as well as by officers and other employees of Transocean Sedco Forex and its affiliates.

Tendering holders of R&B Falcon notes will not be required to pay any fee or commission to the dealer managers. However, if a tendering holder handles the transaction through its broker, dealer, commercial bank, trust company or other institution, such holder may be required to pay brokerage fees or commissions.

DESCRIPTION OF DIFFERENCES BETWEEN  
THE R&B FALCON NOTES AND THE TRANSOCEAN SEDCO FOREX NOTES

The following is a summary comparison of the material terms of the R&B Falcon notes (four series of which were issued under the R&B Falcon 6.50%-7.375% notes indenture and two series of which were issued under the R&B Falcon 9.125%-9.50% notes indenture) and the Transocean Sedco Forex notes. Each series of the Transocean Sedco Forex notes issued in the exchange offers will be governed by the Transocean Sedco Forex indenture. The summary does not purport to be complete and is qualified in its entirety by reference to the R&B Falcon indentures and the Transocean Sedco Forex indenture. Copies of those indentures have been filed as exhibits to the registration statement of which this prospectus and consent solicitation statement forms a part and are available from the information agent upon request. See "Where You Can Find More Information" for information as to how you can obtain a copy of the indentures from the SEC.

The R&B Falcon notes represent, as of the date of this prospectus and consent solicitation statement, the only debt securities issued under the R&B Falcon indentures.

Capitalized terms used in the descriptions of the R&B Falcon notes and the Transocean Sedco Forex notes below and not otherwise defined in this prospectus and consent solicitation statement have the meanings given to such terms in the R&B Falcon 6.50%-7.375% notes indenture, the R&B Falcon 9.125%-9.50% notes indenture and the Transocean Sedco Forex indenture, respectively. For purposes of the description of the R&B Falcon notes, the term "R&B Falcon" refers to R&B Falcon Corporation (and any successor person or entity, as provided in the R&B Falcon indentures), but does not include its subsidiaries. For purposes of the description of the Transocean Sedco Forex notes, the term "Transocean Sedco Forex" refers to Transocean Sedco Forex Inc. (and any successor person or entity, as provided in the Transocean Sedco Forex indenture), but does not include its subsidiaries. Section references in the descriptions of the notes below are references to the applicable indenture under which the notes were or will be issued.

The description of the R&B Falcon notes reflects the R&B Falcon notes as currently constituted and does not reflect any changes to the covenants and other terms of the R&B Falcon notes or the R&B Falcon indentures that may be effected following the consent solicitations as described under "The Proposed Amendments."

LIMITATION ON INDEBTEDNESS IN THE R&B FALCON 9.125%-9.50% NOTES INDENTURE

The provision described below is contained only in the R&B Falcon 9.125%-9.50% notes indenture. In the event that at any time (1) the ratings assigned to the notes by both Moody's and Standard & Poor's are both investment grade ratings and (2) no default has occurred and is continuing under the R&B Falcon 9.125%-9.50% notes indenture, R&B Falcon and its Restricted Subsidiaries will no longer be subject to the provision of the R&B Falcon 9.125%-9.50% notes indenture described below, so long as the investment grade ratings are maintained. R&B Falcon presently maintains an investment grade rating. Therefore, the provision described below is currently suspended.

R&B Falcon covenants under the R&B Falcon 9.125%-9.50% notes indenture that it will not, and will not permit any Restricted Subsidiary to, incur, directly or indirectly, any indebtedness unless its pro forma consolidated EBITDA coverage ratio at the date of such incurrence exceeds 2.25 to 1.0.

Incurrence of the following indebtedness is not restricted by this covenant:

- Indebtedness of R&B Falcon pursuant to its credit facilities, and the guarantee of this indebtedness by Restricted Subsidiaries, that the aggregate amount of this indebtedness outstanding does not exceed \$350 million.
- Indebtedness of R&B Falcon or a Restricted Subsidiary owed to and held by a Restricted Subsidiary or indebtedness of a Restricted Subsidiary owed to and held by R&B Falcon. However, any subsequent issuance or transfer of any capital stock that results in the Restricted Subsidiary to whom indebtedness is owed ceasing to be a Restricted Subsidiary or any transfer of the indebtedness (other than to R&B Falcon or another Restricted Subsidiary) will be deemed, in each case, to constitute the incurrence of such indebtedness.
- The R&B Falcon notes and indebtedness incurred in exchange for, or the proceeds of which are used to refund or refinance, any indebtedness permitted by these provisions if (1) the principal amount of the indebtedness so incurred does not exceed the principal amount of the indebtedness so exchanged, refunded or refinanced (plus the amount of reasonable related fees and expenses, including any premium or defeasance costs) and (2) the indebtedness so incurred (A) does not mature prior to the stated maturity of the indebtedness so exchanged, refunded or refinanced and (B) has an average life equal to or greater than the remaining average life of the indebtedness so exchanged, refunded or refinanced.
- Indebtedness of R&B Falcon or any Restricted Subsidiary (other than indebtedness described in the first three bullet points above) (1) outstanding on the issue date or incurred pursuant to agreements as in effect on the issue date and (2) indebtedness incurred in exchange for, or the proceeds of which are used to refund or refinance, any indebtedness permitted by this provision or permitted by the provision described in the first bullet point above; if (A) the principal amount of the indebtedness so incurred does not exceed the principal amount of the indebtedness so exchanged, refunded or refinanced (plus the amount of reasonable related fees and expenses, including any premium or defeasance costs); and (B) the indebtedness so incurred (i) does not mature prior to the stated maturity of the indebtedness so exchanged, refunded or refinanced and (ii) has an average life equal to or greater than the remaining average life of the indebtedness so exchanged, refunded or refinanced.
- Indebtedness of R&B Falcon or any Restricted Subsidiary consisting of guarantees in connection with any synthetic lease obligations of persons incurred to finance the construction or upgrade of the drillship Deepwater Frontier and the drillship Pathfinder pursuant to agreements governing such obligations.

- Acquired indebtedness of any Restricted Subsidiary in an aggregate amount not to exceed \$300 million, if R&B Falcon on a pro forma basis could incur \$1.00 of additional indebtedness pursuant to the EBITDA coverage ratio test of this covenant.
- Indebtedness of R&B Falcon or any Restricted Subsidiary consisting of guarantees, indemnities or obligations in respect of purchase price adjustments in connection with the acquisition or disposition of assets, including shares of capital stock.
- The incurrence by R&B Falcon's unrestricted Subsidiaries of non-recourse indebtedness. If any of this indebtedness ceases to be non-recourse indebtedness of any unrestricted Subsidiary, this event will be deemed to constitute an incurrence of indebtedness by a Restricted Subsidiary of R&B Falcon that was not permitted by this provision.
- Obligations of R&B Falcon or a Restricted Subsidiary under performance or surety bonds relating to building contracts for the construction of drilling rigs, drillships or similar vessels or contracts for the installation of related equipment.
- Hedging obligations.
- Indebtedness of R&B Falcon or any Restricted Subsidiary in an aggregate principal amount which, together with all other indebtedness of R&B Falcon then outstanding (other than indebtedness permitted by the preceding bullet points) does not exceed \$50 million;

R&B Falcon is not permitted to issue any indebtedness if the proceeds are used, directly or indirectly, to repay, prepay, redeem, defease, retire, refund or refinance any subordinated obligations unless such indebtedness will be subordinated to the R&B Falcon notes to at least the same extent as the subordinated obligations.

#### LIMITATION ON RESTRICTED PAYMENTS IN THE R&B FALCON 9.125%-9.50% NOTES INDENTURE

The provision described below is contained only in the R&B Falcon 9.125%-9.50% notes indenture. In the event that at any time (1) the ratings assigned to the notes by both Moody's and Standard & Poor's are both investment grade ratings and (2) no default has occurred and is continuing under the R&B Falcon 9.125%-9.50% notes indenture, R&B Falcon and its Restricted Subsidiaries will no longer be subject to the provision of the R&B Falcon 9.125%-9.50% notes indenture described below, so long as the investment grade ratings are maintained. R&B Falcon presently maintains an investment grade rating. Therefore, the provision described below is currently suspended.

R&B Falcon covenants under the R&B Falcon 9.125%-9.50% notes indenture that it will not, and will not permit any Restricted Subsidiary, directly or indirectly, to declare or pay any dividend or make any distribution on or in respect of its capital stock (including any payment in connection with any merger or consolidation involving R&B Falcon) or to the direct or indirect holders of its capital stock:

- purchase, redeem or otherwise acquire or retire for value any capital stock of R&B Falcon or of any direct or indirect parent of R&B Falcon, or any Restricted Subsidiary, except capital stock held by R&B Falcon or a Restricted Subsidiary,
- purchase, repurchase, redeem, defease or otherwise acquire or retire for value, prior to scheduled maturity, scheduled repayment or scheduled sinking fund payment, any subordinated obligations, other than the purchase, repurchase or other acquisition of subordinated obligations purchased in anticipation of satisfying a sinking fund obligation, principal installment or final maturity, in each case due within one year of the date of acquisition,
- make certain investments,

(any such dividend, distribution, purchase, redemption, repurchase, defeasance, other acquisition, retirement or investment being herein referred to as a "Restricted Payment") if at the time R&B Falcon or such Restricted Subsidiary makes such Restricted Payment:

- a default has occurred and is continuing (or would result from the Restricted Payment), or
- R&B Falcon would not be permitted to incur an additional \$1.00 of indebtedness pursuant to the EBITDA coverage ratio test of the limitation on indebtedness covenant in the R&B Falcon 9.125%-9.50% notes indenture after giving pro forma effect to such Restricted Payment, or
- the aggregate amount of the Restricted Payment and all other Restricted Payments since the date on which the R&B Falcon notes were originally issued would exceed the sum of:
  - 50% of its consolidated net income accrued during the period, treated as one accounting period, from the beginning of the fiscal quarter during which the R&B Falcon notes were originally issued to the end of the most recent fiscal quarter ending at least 45 days prior to the date of the Restricted Payment or, in case the consolidated net income is a deficit, minus 100% of such deficit,
  - 100% of the aggregate net proceeds (including the fair market value of non-cash proceeds, which are to be determined in good faith by the Board of Directors of R&B Falcon) received by R&B Falcon from the issue or sale of its capital stock (other than redeemable stock or exchangeable stock) subsequent to the issue date, other than an issuance or sale to a Restricted Subsidiary or an employee stock ownership plan or similar trust,
  - the amount by which indebtedness of R&B Falcon is reduced on R&B Falcon's balance sheet upon the conversion or exchange (other than by a Restricted Subsidiary) subsequent to the incurrence of any indebtedness of R&B Falcon convertible or exchangeable for capital stock (other than redeemable stock or exchangeable stock) of R&B Falcon, less the amount of any cash, or other property, distributed by R&B Falcon upon such conversion or exchange,
  - to the extent not otherwise included in consolidated net income, the net reduction in investments in unrestricted Subsidiaries resulting from dividends, repayments of loans or advances, or other transfers of assets, in each case to R&B Falcon or any Restricted Subsidiary after the issue date from any unrestricted Subsidiary or from the resignation of an unrestricted Subsidiary as a Restricted Subsidiary, not to exceed in the case of any Restricted Subsidiary the total amount of investments (other than investments permitted under the terms of the R&B Falcon 9.125%-9.50% notes indenture) in such Restricted Subsidiary made by R&B Falcon and its Restricted Subsidiaries in such unrestricted Subsidiary after the issue date, and
  - \$20 million.

The provisions of this section do not prohibit:

- any dividends or distributions payable solely in its non-convertible capital stock or in options, warrants or other rights to purchase its non-convertible capital stock,
- any dividends or distributions payable to R&B Falcon or a Restricted Subsidiary,
- any pro rata dividends or distributions on the capital stock of a Restricted Subsidiary held by minority stockholders, including minority stockholders of Arcade Drilling AS, a Norwegian corporation,
- any purchase or redemption of capital stock or subordinated obligations of R&B Falcon made by exchange for, or out of the proceeds of the substantially concurrent sale of,

capital stock of R&B Falcon (other than redeemable stock or exchangeable stock and other than capital stock issued or sold to a Restricted Subsidiary or an employee stock ownership plan). The purchase or redemption will be excluded in the calculation of the amount of Restricted Payments and the net cash proceeds from the sale will be excluded from any calculation of aggregate net proceeds from the sale of capital stock and the calculation of the reduction of indebtedness on R&B Falcon's balance sheet for indebtedness convertible into capital stock mentioned in "Limitations on Indebtedness in the R&B Falcon 9.125%-9.50% Notes Indenture",

- any purchase or redemption of subordinated obligations of R&B Falcon made by exchange for, or out of the proceeds of the substantially concurrent sale of, indebtedness of R&B Falcon which is permitted to be issued pursuant to the provisions of Section 3.09 of the R&B Falcon 9.125%-9.50% notes indenture, "Limitations on Indebtedness." The purchase or redemption will be excluded in the calculation of the amount of Restricted Payments, or
- any dividends paid within 60 days after the date of declaration if at the date of declaration the dividend would have complied with this provision; if at the time of payment of the dividend, no other default has occurred and is continuing (or would result from the dividend). The dividend shall be included in the calculation of the amount of Restricted Payments.

## THE PROPOSED AMENDMENTS

Transocean Sedco Forex is soliciting the consent of the holders of R&B Falcon notes to (1) eliminate some covenants in the R&B Falcon indentures, (2) eliminate some restrictions on R&B Falcon's ability to consolidate, merge or sell all or substantially all of its assets and (3) eliminate some events of default under the R&B Falcon indentures.

The descriptions below of the provisions of the R&B Falcon indentures to be eliminated or modified do not purport to be complete and are qualified in their entirety by reference to the R&B Falcon indentures and the forms of supplemental indentures to the R&B Falcon indentures that contain the proposed amendments with respect to each series of the R&B Falcon notes (and that is to be executed by R&B Falcon and the R&B Falcon trustee in the event the required consents are obtained). The forms of supplemental indentures have been filed as exhibits to the registration statement of which this prospectus and consent solicitation statement forms a part and are available from the Information Agent upon request. See "Where You Can Find More Information" for information as to how you can obtain a copy of the R&B Falcon indentures, the forms of supplemental indentures and the Transocean Sedco Forex indenture from the SEC.

As a result of such deregistration and the effectiveness of the proposed amendments, R&B Falcon will no longer be obligated to file periodic reports with the SEC or deliver periodic reports to the holders of R&B Falcon debt.

These clauses provide, respectively, that each of the following constitutes an "event of default":

(1) The covenant in Section 3.03 entitled "SEC Reports; Financial Statements," which is described above under "Description of Differences Between the R&B Falcon Notes and the Transocean Sedco Forex Notes -- Provision of Financial Information." In this regard, Transocean Sedco Forex may, if the exchange offers are consummated, file an application

(on Form 15) to the SEC to deregister the R&B Falcon common stock under the Securities Exchange Act of 1934, as amended. As a result of such deregistration and the effectiveness of the proposed amendments, R&B Falcon will no longer be obligated to file periodic reports with the Commission or deliver periodic reports to the holders of R&B Falcon debt.

(2) The covenant in Section 3.05 entitled "Corporate Existence." Under Section 3.05, R&B Falcon covenants to preserve its corporate existence and the corporate, partnership or other existence of its subsidiaries.

(5) The covenant in Section 3.09 entitled "Limitation on Indebtedness," which is described above under "Description of Differences Between the R&B Falcon Notes and the Transocean Sedco Forex Notes -- Limitation on Indebtedness."

In addition, Transocean Sedco Forex is proposing to delete Section 3.13 entitled "Covenant Termination." Under Section 3.13, the covenants in Section 3.09, "Limitation on Indebtedness," and 3.12, "Limitation on Restricted Payments," are suspended while the 9.125% and 9.50% R&B Falcon notes are rated investment grade by Moody's and Standard & Poor's.

Transocean Sedco Forex is also requesting a waiver with respect to any default, event of default or other consequence under the R&B Falcon indenture of failing to comply with the terms of the covenants identified above (whether before or after the date of the supplemental indenture) and to delete clauses (4), (5), (6) and (7) from the definition of "Event of Default" in Section 5.01, "Events of Default." #### CERTAIN RELATED TRANSACTIONS

R&B Falcon is a party to a \$1.8 billion two-year revolving credit agreement with Transocean Sedco Forex, dated April 6, 2001. Amounts outstanding under the revolver bear interest payable quarterly at a rate of the London Interbank Offered Rate plus 0.575 percent to 1.300 percent depending on R&B Falcon's non-credit enhanced senior unsecured public debt rating. The amount currently outstanding under the revolver is less than \$1 million.

A subsidiary of Transocean Sedco Forex provides administrative support services to R&B Falcon. Transocean Sedco Forex charges R&B Falcon a proportional share of its administrative costs based on estimates of the percentage of work the individual Transocean Sedco Forex departments perform for R&B Falcon. In the opinion of management, R&B Falcon is being charged for all costs incurred on its behalf by Transocean Sedco Forex under a comprehensive and reasonable cost allocation method.

In August 2001, R&B Falcon and one of its subsidiaries sold, in separate transactions, the Jack Bates, Deepwater Millennium, Deepwater Expedition, Peregrine I, Deepwater Horizon, C. Kirk Rhein, Falcon 100, Deepwater Navigator and Deepwater Discovery to Transocean Offshore International Ventures Limited ("TOIVL"). In consideration for the sales of these drilling units, \$1.2 billion of debt owed by R&B Falcon to Transocean Sedco Forex was cancelled. In addition, TOIVL delivered promissory notes due August 17, 2011 bearing interest at 5.72 percent per annum and in the aggregate principal amount of \$425.0 million. At the time of the sales, each of the drilling units was being utilized in connection with a drilling contract between a subsidiary of R&B Falcon and a customer. These contracts were not transferred and R&B Falcon and its subsidiaries secured the use of the drilling units for the purpose of performing these contracts through charters or other arrangements.

During 2001, Transocean Sedco Forex or its subsidiaries acquired \$10.5 million in total principal amount of the 6.50% R&B Falcon Notes and \$12.9 million in total principal amount of the 9.125% R&B Falcon notes. These notes have been retired.

## DESCRIPTION OF THE TRANSOCEAN SEDCO FOREX NOTES

If the exchange offers are consummated, each series of the Transocean Sedco Forex notes to be issued in exchange for the R&B Falcon notes will be issued under an indenture, dated as of April 15, 1997, as amended, with the Bank of New York as successor trustee to The Chase Manhattan Bank (the "Transocean Sedco Forex trustee"). The Transocean Sedco Forex indenture, as supplemented, will for purposes of the following description of the Transocean Sedco Forex notes, be referred to as the "Transocean Sedco Forex indenture." The Transocean Sedco Forex notes will be issued only in book-entry form in denominations of \$1,000 and integral multiples of \$1,000.

The following summary of certain provisions of the Transocean Sedco Forex indenture does not purport to be complete and is subject to, and is qualified in its entirety by reference to, the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act"), and to all of the provisions of the Transocean Sedco Forex indenture, including the definitions of certain terms in the Transocean Sedco Forex indenture and those terms made a part of the Transocean Sedco Forex indenture by reference to the Trust Indenture Act as in effect on the date of the Transocean Sedco Forex indenture. The Transocean Sedco Forex indenture is, by its terms, subject to and governed by the Trust Indenture Act.

For purposes of the following description of the Transocean Sedco Forex notes, the terms "Transocean Sedco Forex" and "we" or "our" refers to Transocean Sedco Forex Inc. (and any successor person or entity, as provided in the Transocean Sedco Forex indenture), but does not include its subsidiaries.

A copy of the Transocean Sedco Forex indenture may be obtained from the information agent and is also filed as an exhibit to the registration statement of which this prospectus and consent solicitation statement is a part. See "Where You Can Find More Information" for information as to how you can obtain a copy of the Transocean Sedco Forex indenture from the SEC.

#### RANKING; ADDITIONAL DEBT

The Transocean Sedco Forex notes will be our unsecured obligations. The Transocean Sedco Forex notes will rank equal in right of payment with all of our other unsecured and unsubordinated indebtedness. The Transocean Sedco Forex indenture does not limit the amount of debt that we or any of our subsidiaries may incur or issue, nor does it restrict transactions between us and our affiliates or dividends and other distributions by us or our subsidiaries. We may issue debt securities under the Transocean Sedco Forex indenture from time to time in separate series, each up to the aggregate amount we authorize from time to time for that series.

The Transocean Sedco Forex notes offered will be structurally subordinated to all obligations of Transocean Sedco Forex's subsidiaries, including any R&B Falcon notes not properly tendered and accepted for payment in the exchange offers, with respect to the assets of such subsidiaries. As of December 31, 2001, the aggregate amount of outstanding long-term debt of Transocean Sedco Forex's subsidiaries to which holders of the Transocean Sedco Forex notes would have been structurally subordinated was approximately \$1,783.9 million, of which \$1,537.9 million represented the carrying value of the six series of R&B Falcon notes for which Transocean Sedco Forex is making the exchange offers. See "Risk Factors -- Risks Relating to the Exchange Offers and Consent Solicitation Statement -- Our holding company structure results in

substantial structural subordination and may affect our ability to make payments on the Transocean Sedco Forex notes."

#### OPTIONAL REDEMPTION

The 6.50% Transocean Sedco Forex notes are not redeemable.

The 6.75% Transocean Sedco Forex notes, the 6.95% Transocean Sedco Forex notes, the 7.375% Transocean Sedco Forex notes, the 9.125% Transocean Sedco Forex notes and the 9.50% Transocean Sedco Forex notes are redeemable, at our option, at any time in whole or from time to time in part upon not less than 30 and not more than 60 days' notice mailed to each holder of Transocean Sedco Forex notes of such series to be redeemed at the holder's address appearing in the security register, on any date prior to maturity at a price equal to 100% of the principal amount thereof plus accrued and unpaid interest to the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on an interest payment date that is on or prior to the redemption date) plus the make-whole premium applicable to such series of notes (the "Redemption Price"). In no event will the redemption price ever be less than 100% of the principal amount of the Notes plus accrued and unpaid interest to the redemption date.

The amount of the make-whole premium with respect to any note (or portion thereof) of any such series to be redeemed will be equal to the excess, if any, of:

(1) the sum of the present values, calculated as of the redemption date, of:

- each interest payment that, but for such redemption, would have been payable on the note (or portion thereof) of such series being redeemed on each Interest Payment Date occurring after the redemption date (excluding any accrued and unpaid interest for the period prior to the redemption date), and
- the principal amount that, but for such redemption, would have been payable at the final maturity of the note (or portion thereof) of such series being redeemed,

over

(2) the principal amount of the note (or portion thereof) of such series being redeemed.

The present values of interest and principal payments referred to in clause (1) above will be determined in accordance with generally accepted principles of financial analysis. Such present values will be calculated by discounting the amount of each payment of interest or principal from the date that each such payment would have been payable, but for the redemption, to the Redemption Date at a discount rate equal to the U.S. Treasury yield (as defined below) plus (1) 20 basis points in the case of the 6.75% Transocean Sedco Forex notes and the 6.95% Transocean Sedco Forex notes, (2) 25 basis points in the case of the 7.375% Transocean Sedco Forex notes, and (3) 50 basis points in the case of the 9.125% Transocean Sedco Forex notes and the 9.50% Transocean Sedco Forex notes.

The make-whole premium will be calculated by an independent investment banking institution of national standing appointed by us. If we fail to appoint such an institution at least 45 business days prior to the redemption date, or if the institution appointed is unwilling or unable to make such calculation, such calculation will be made by an independent investment banking institution of national standing appointed by the Transocean Sedco Forex trustee (in any such case, an "Independent Investment Banker").

For purposes of determining the make-whole premium, "U.S. Treasury yield" means an annual rate of interest equal to the weekly average yield to maturity of U.S. Treasury Notes that have a constant maturity that corresponds to the remaining term to maturity of the notes,

calculated to the nearest 1/12th of a year (the "Remaining Term"). The U.S. Treasury yield will be determined as of the third business day immediately preceding the applicable redemption date.

The weekly average yields of U.S. Treasury Notes will be determined by reference to the most recent statistical release published by the Federal Reserve Bank of New York and designated "H.15(519) Selected Interest Rates" or any successor release (the "H.15 Statistical Release"). If the H.15 Statistical Release sets forth a weekly average yield for U.S. Treasury Notes having a constant maturity that is the same as the Remaining Term, then the U.S. Treasury yield will be equal to such weekly average yield. In all other cases, the U.S. Treasury yield will be calculated by interpolation, on a straight-line basis, between the weekly average yields on the U.S. Treasury Notes that have a constant maturity closest to and greater than the Remaining Term and the U.S. Treasury Notes that have a constant maturity closest to and less than the Remaining Term (in each case as set forth in the H.15 Statistical Release). Any weekly average yields so calculated by interpolation will be rounded to the nearest 1/100th of 1%, with any figure of 1/200 of 1% or above being rounded upward. If weekly average yields for U.S. Treasury Notes are not available in the H.15 Statistical Release or otherwise, then the U.S. Treasury yield will be calculated by interpolation of comparable rates selected by the Independent Investment Banker.

If less than all of the notes of any such series are to be redeemed, the Transocean Sedco Forex trustee will select the notes of such series to be redeemed by such method as the trustee deems fair and appropriate. The trustee may select for redemption notes and portions of notes of such series in amounts of \$1,000 or whole multiples of \$1,000.

The notes are not entitled to the benefit of any sinking fund or other mandatory redemption provisions.

#### RESTRICTIVE COVENANTS

In the following discussion, "we" or "our" means Transocean Sedco Forex Inc. and its subsidiaries, unless the context indicates otherwise. When we refer to our "drilling rigs and drillships," we mean any drilling rig or drillship (or the stock or indebtedness of any subsidiary owning a drilling rig or drillship) that we lease or own all or part of and that our board of directors deems of material importance to us. No drilling rig or drillship that has a gross book value that is less than 2% of consolidated net tangible assets will be deemed of material importance. When we refer to "consolidated net tangible assets," we mean the total amount of our assets (less reserves and other properly deductible items) after deducting current liabilities (other than those that are extendable at our option to a date more than 12 months after the date the amount is determined), goodwill and other intangible assets shown in our most recent consolidated balance sheet prepared in accordance with accounting principles generally accepted in the United States.

#### LIMITATION ON LIENS

In the Transocean Sedco Forex indenture, we have agreed that we will not create, assume or allow to exist any debt secured by a lien upon any of our drilling rigs or drillships, unless we secure the Transocean Sedco Forex notes equally and ratably with the secured debt. This covenant also applies to other series of debt securities issued under the Transocean Sedco Forex indenture unless the terms of that series expressly provide otherwise. This covenant has exceptions that permit:

- liens already existing on the date the applicable series of Transocean Sedco Forex notes is issued,

- liens already existing on a particular drilling rig or drillship at the time we acquire that drilling rig or drillship, and liens already existing on drilling rigs or drillships of a corporation or other entity at the time it becomes our subsidiary,
- liens securing debt incurred to finance the acquisition, completion of construction and commencement of commercial operation, alteration, repair or improvement of any drilling rig or drillship, if the debt was incurred prior to, at the time of or within 12 months after that event, and liens securing debt in excess of the purchase price or cost if recourse on the debt is only against the drilling rig or drillship in question,
- liens securing intercompany debt,
- liens in favor of a governmental entity to secure either (1) payments under any contract or statute or (2) industrial development, pollution control or similar indebtedness,
- liens imposed by law such as mechanics' or workmen's liens,
- governmental liens under contracts for the sale of products or services,
- liens under workers compensation laws or similar legislation,
- liens in connection with legal proceedings or securing taxes or assessments,
- good faith deposits in connection with bids, tenders, contracts or leases,
- deposits made in connection with maintaining self-insurance, to obtain the benefits of laws, regulations or arrangements relating to unemployment insurance, old age pensions, social security or similar matters or to secure surety, appeal or customs bonds, and
- any extensions, renewals or replacements of the above-described liens if both of the following conditions are met:

(1) the amount of debt secured by the new lien does not exceed the amount of debt secured by the existing lien, plus any additional debt used to complete a specific project, and

(2) the new lien is limited to all or a part of the drilling rigs or drillships (plus any improvements) secured by the original lien issued under the Transocean Sedco Forex indenture.

In addition, without securing the debt securities issued under the Transocean Sedco Forex indenture as described above, we may create, assume or allow to exist secured debt that would otherwise be prohibited, in an aggregate amount that does not exceed a "basket" equal to 10% of our consolidated net tangible assets. When determining whether secured debt is permitted by this exception, we must include in the calculation of the "basket" amount all of our other secured debt that would otherwise be prohibited and the present value of lease payments in connection with sale and lease-back transactions that would be prohibited by the "Limitation on Sale and Lease-Back Transactions" covenant described below if this exception did not apply.

#### LIMITATION ON SALE AND LEASE-BACK TRANSACTIONS

We have agreed that we will not enter into a sale and lease-back transaction covering any drilling rig or drillship, unless one of the following applies:

- we could incur debt secured by the leased property in an amount at least equal to the present value of the lease payments in connection with that sale and lease-back transaction without violating the "Limitation on Liens" covenant described above, or
- within six months of the effective date of the sale and lease-back transaction, we apply an amount equal to the present value of the lease payments in connection with the sale and lease-back transaction to (1) the acquisition of any drilling rig or drillship or (2) the

retirement of long-term debt ranking at least equally with the debt securities issued under the Transocean Sedco Forex indenture.

When we use the term "sale and lease-back transaction," we mean any arrangement by which we sell or transfer to any person any drilling rig or drillship that we then lease back from them. This term excludes leases shorter than three years, intercompany leases, leases executed within 12 months of the acquisition, construction, improvement or commencement of commercial operation of the drilling rig or drillship, and arrangements pursuant to any provision of law with an effect similar to the former Section 168(f)(8) of the Internal Revenue Code of 1954 (which permitted the lessor to recognize depreciation on the property).

#### CONSOLIDATION, MERGER AND SALE OF ASSETS

The Transocean Sedco Forex indenture generally permits a consolidation or merger between us and another entity. The Transocean Sedco Forex indenture also permits our transfer or disposal of all or substantially all of our assets. We have agreed, however, that we will consolidate with or merge into any entity, or transfer or dispose of all or substantially all of our assets to any entity, only if:

- the resulting entity assumes the due and punctual payment of the debt securities issued under the indenture and the performance of our covenants under the indenture, and
- immediately after giving effect to the transaction, no event of default, and no event that, after notice or lapse of time, would become an event of default, would occur and be continuing.

If a resulting entity assumes our obligations under the Transocean Sedco Forex notes and the indenture as described above, we will be relieved of those obligations, except in the case of our transfer or disposal of assets by lease.

#### EVENTS OF DEFAULT

The following are events of default with respect to the Transocean Sedco Forex notes:

- our failure to pay interest on or any additional amounts with respect to the Transocean Sedco Forex notes for 30 days,
- our failure to pay principal of, or any premium on, the Transocean Sedco Forex notes when due,
- our failure to perform any of our other covenants in the Transocean Sedco Forex indenture (other than a covenant included in the Transocean Sedco Forex indenture solely for the benefit of another series of debt securities) for 90 days after written notice by the trustee or by the holders of at least 25% in principal amount of all outstanding debt securities under the Transocean Sedco Forex indenture, and
- various events involving a bankruptcy, insolvency or reorganization of Transocean Sedco Forex.

The default under the Transocean Sedco Forex indenture with respect to one series of debt securities issued under the indenture will not necessarily be a default with respect to another series. The Transocean Sedco Forex trustee may withhold notice to the holders of the Transocean Sedco Forex notes of any default or event of default (except for a default in any payment on the Transocean Sedco Forex notes) if the trustee considers it in the interest of the holders of the Transocean Sedco Forex notes to do so.

In the case of an event of default with respect to the Transocean Sedco Forex notes, the Transocean Sedco Forex trustee or the holders of at least 25% in principal amount of the series of Transocean Sedco Forex notes affected by the default (or, in some cases, of all outstanding

debt securities under the indenture, voting as one class) may declare the principal of the Transocean Sedco Forex notes to be due and payable immediately. If an event of default relating to events of bankruptcy, insolvency or reorganization occurs, the principal of the Transocean Sedco Forex notes will become immediately due and payable without any action on the part of the Transocean Sedco Forex trustee or any holder. The holders of a majority in principal amount of the outstanding Transocean Sedco Forex notes may be affected by the default (or, in some cases, of all outstanding debt securities under the indenture, voting as one class) in some cases rescind this accelerated payment requirement. Depending on the terms of our other indebtedness, an event of default under the indenture may give rise to cross defaults on our other indebtedness.

In most cases, the Transocean Sedco Forex trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders, unless those holders have offered to the trustee reasonable indemnity. The holders of a majority in principal amount of any series of Transocean Sedco Forex notes (or, in some cases, of all outstanding debt securities under the indenture, voting as one class) may direct the time, method and place of:

- conducting any proceeding for any remedy available to the trustee, or
- exercising any trust or power conferred on the trustee with respect to that series of Transocean Sedco Forex notes.

In the case of an event of default, the Transocean Sedco Forex trustee will be required to use the degree of care and skill of a prudent man in the conduct of his own affairs.

A holder of Transocean Sedco Forex notes may not individually pursue any remedy under the indenture unless all of the following conditions are met:

- the holder has previously given written notice to the Transocean Sedco Forex trustee of an event of default with respect to that series of Transocean Sedco Forex notes,
- the holders of not less than 25% in principal amount of the outstanding Transocean Sedco Forex notes of that series have made a written request to the trustee to institute proceedings in its own name,
- the holder has offered the trustee reasonable indemnity,
- the trustee has failed to act within 60 days after receipt of the notice and indemnity, and
- the holders of a majority in principal amount of the outstanding Transocean Sedco Forex notes of that series have given no direction inconsistent with the request.

The foregoing limitations with respect to remedies do not, however, affect the right of a holder of any debt security to sue for the enforcement of any overdue payment.

#### DEFEASANCE

When we use the term "defeasance," we mean discharge from some or all of our obligations under the Transocean Sedco Forex indenture. If we deposit with the Transocean Sedco Forex trustee money or U.S. government securities sufficient to make payments on the Transocean Sedco Forex notes of a series on the dates those payments are due and payable, then at our option either of the following will occur:

- we will no longer have any obligation to the holders of the Transocean Sedco Forex notes of that series to comply with the restrictive covenants under the indenture, and the related events of default will no longer apply to us ("covenant defeasance"), but our other obligations under the indenture and the Transocean Sedco Forex notes of that series, including our obligations to make payments on the Transocean Sedco Forex notes of that

series, to register the transfer or exchange of the Transocean Sedco Forex notes of that series, to replace stolen, lost or mutilated Transocean Sedco Forex notes of that series, to maintain paying agencies and to hold monies for payment in trust, will continue, or

- we will be discharged from all of our obligations with respect to the Transocean Sedco Forex notes of that series ("legal defeasance and discharge") and holders of the Transocean Sedco Forex notes of that series will be entitled to claim payments on their debt securities only from the trust fund.

We will be required to deliver to the trustee an opinion of counsel that the deposit and related defeasance would not cause the holders of the Transocean Sedco Forex notes to recognize income, gain or loss for U.S. federal income tax purposes. If we elect legal defeasance and discharge, that opinion of counsel must be based upon a ruling from the U.S. Internal Revenue Service or a change in law to that effect.

#### TAX ADDITIONAL AMOUNTS

We will pay any amounts due with respect to the Transocean Sedco Forex notes without deduction or withholding for any and all present and future withholding taxes, levies, imposts and charges (a "withholding tax") imposed by or for the account of the Cayman Islands. If the Cayman Islands requires us to deduct or withhold any of these taxes, levies, imposts or charges, we will (subject to compliance by the holder of the Transocean Sedco Forex notes with any relevant administrative requirements) pay these additional amounts in respect of principal amount, premium (if any), redemption price, and interest (if any), in accordance with the terms of the Transocean Sedco Forex notes and the Transocean Sedco Forex indenture, as may be necessary so that the net amounts paid to the holder or the trustee after such deduction or withholding will equal the principal amount, premium (if any), redemption price, and interest (if any), on the Transocean Sedco Forex notes. However, we will not pay any additional amounts in the following instances:

- if any withholding would not be payable or due but for the fact that (1) the holder of Transocean Sedco Forex notes (or a fiduciary, settlor, beneficiary of, member or shareholder of, the holder, if the holder is an estate, trust, partnership or corporation), is a domiciliary, national or resident of, or engaging in business or maintaining a permanent establishment or being physically present in, the Cayman Islands or otherwise having some present or former connection with the Cayman Islands other than the holding or ownership of Transocean Sedco Forex notes or the collection of principal amount, premium (if any), redemption price, and interest (if any), in accordance with the terms of the Transocean Sedco Forex notes and the Transocean Sedco Forex indenture, or the enforcement of the Transocean Sedco Forex notes or (2) where presentation is required, the Transocean Sedco Forex notes were presented more than 30 days after the date such payment became due or was provided for, whichever is later,
- if any withholding tax is attributable to any estate, inheritance, gift, sales, transfer, excise, personal property or similar tax, levy, impost or charge,
- if any withholding tax is attributable to any tax, levy, impost or charge which is payable otherwise than by withholding from payment of principal amount, premium (if any), redemption price, and interest (if any),
- if any withholding tax would not have been imposed but for the failure to comply upon our request with certification, information, documentation or other reporting requirements concerning the nationality, residence, identity or connections with the relevant tax authority of the holder or beneficial owner of the Transocean Sedco Forex notes, if this compliance is required by statute or by regulation as a precondition to relief or exemption from such withholding tax, or

- any combination of the instances described in the preceding bullet points.

We also will not pay any additional amounts to any holder who is a fiduciary or partnership or other than the sole beneficial owner of the Transocean Sedco Forex note to the extent that a beneficiary or settlor with respect to such fiduciary, or a member or such partnership or a beneficial owner thereof, would not have been entitled to the payment of such additional amounts had such beneficiary, settlor, member or beneficial owner been the holder of the Transocean Sedco Forex note.

#### PAYMENT AND PAYING AGENTS

We will make payments on the Transocean Sedco Forex notes at the office of the paying agents we designate from time to time. We may make, at our option, interest payments by check mailed to the person entitled to the payment as it appears on the security register. We will make interest payments to the person in whose name the Transocean Sedco Forex notes are registered at the close of business on the record date for the interest payment, even if that person no longer owns the Transocean Sedco Forex notes on the interest payment date.

We have designated the corporate trust office of the Transocean Sedco Forex indenture trustee as a paying agent for payments on the Transocean Sedco Forex notes. We may at any time designate additional paying agents, rescind the designation of any paying agent or approve a change in the office through which any paying agent acts. We will, however, be required to maintain a paying agent in each place of payment for the Transocean Sedco Forex notes.

Any funds we pay to a paying agent for payments on the Transocean Sedco Forex notes that remain unclaimed for three years after the payments become due and payable will be repaid to us, subject to applicable escheat laws. After repayment to us, the holder of that Transocean Sedco Forex note can claim payment only from us and not from the paying agent.

#### MODIFICATION AND WAIVER

We may modify or amend the Transocean Sedco Forex indenture if the holders of a majority in principal amount of the outstanding debt securities of all series issued under the Transocean Sedco Forex indenture (acting as one class) affected by the modification or amendment consent to it. Without the consent of the holder of each outstanding debt security affected, however, no modification may:

- change the stated maturity of the principal of or any installment of principal of or interest on any debt security,
- reduce the principal amount of, the interest rate on, any additional amount with respect to or the premium payable upon redemption of any debt security,
- make the debt security payable in a currency other than originally stated in the debt security,
- change the place where the principal of, any additional amounts with respect to or any premium or interest on any debt security is payable,
- impair the right to institute suit for the enforcement of any payment on any debt security,
- reduce the percentage in principal amount of outstanding debt securities necessary to modify the indenture, waive compliance with the provisions of the Transocean Sedco Forex indenture or waive defaults, or
- modify any of the above provisions.

We and the Transocean Sedco Forex trustee may agree to modify, amend or supplement the Transocean Sedco Forex indenture without the consent of any holders of Transocean Sedco Forex notes in certain circumstances, including:

- to evidence the assumption of our obligations under the indenture and the debt securities issued under the indenture by a successor,
- to add covenants or events of default or to surrender any of our rights under the indenture,
- to provide security for any series of debt securities issued under the indenture,
- to make any change that does not adversely affect any outstanding Transocean Sedco Forex debt securities of a series,
- to establish the terms of any series of debt securities,
- to add provisions necessary to permit or facilitate defeasance of any series of debt securities if we have received an opinion of counsel that those provisions do not materially adversely affect the holders of any series of debt securities,
- to provide for a successor trustee, or
- to cure any ambiguity, defect or inconsistency.

The holders of a majority in principal amount of the outstanding Transocean Sedco Forex notes of any series (or, in some cases, of all outstanding debt securities under the indenture or of all series affected) may waive past defaults under the Transocean Sedco Forex indenture and compliance by us with our covenants under the indenture. Those holders may not, however, waive any default in any payment on any debt security of that series or compliance with a provision that cannot be modified or amended without the consent of each holder affected.

#### BOOK-ENTRY SYSTEM

The Transocean Sedco Forex notes will be represented by one or more global securities. A global security is a special type of indirectly held security. Each global security will be deposited with, or on behalf of, The Depository Trust Company ("DTC") and be registered in the name of a nominee of DTC. Except under the circumstances described below, the Transocean Sedco Forex notes will not be issued in definitive form in the name of individual holders.

Upon the issuance of a global security, DTC will credit on its book-entry registration and transfer system the accounts of persons designated by the initial purchaser with the respective principal amounts of the Transocean Sedco Forex notes represented by the global security. Ownership of beneficial interests in a global security will be limited to DTC participants (that is, persons that have accounts with DTC or its nominee) or persons that may hold interests through DTC participants. Ownership of beneficial interests in a global security will be shown on, and the transfer of that ownership will be effected only through, records maintained by DTC or its nominee (except with respect to persons that are themselves DTC participants).

So long as DTC or its nominee is the registered owner of a global security, DTC or the nominee will be considered the sole owner or holder of the Transocean Sedco Forex notes represented by that global security under the indenture. Except as described below, owners of beneficial interests in a global security will not be entitled to have Transocean Sedco Forex notes represented by that global security registered in their names, will not receive or be entitled to receive physical delivery of Transocean Sedco Forex notes in definitive form and will not be considered the owners or holders of the Transocean Sedco Forex notes under the indenture. Principal and interest payments on Transocean Sedco Forex notes registered in the name of DTC or its nominee will be made to DTC or the nominee, as the registered owner. Neither our company, the trustee, any paying agent or the registrar for the Transocean Sedco Forex notes

will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial interests in a global security or for maintaining, supervising or reviewing any records relating to such beneficial interests. The laws of some states require that certain purchasers of securities take physical delivery of such securities in definitive form. Those limits and laws may impair the ability to transfer beneficial interests in a global security.

We expect that DTC or its nominee, upon receipt of any payment of principal or interest, will credit immediately the participants' accounts with payments in amounts proportionate to their beneficial interests in the principal amount of the relevant global security as shown on the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in a global security held through those participants will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of those participants.

If DTC is at any time unwilling or unable to continue as a depository and a successor depository is not appointed by us within 90 days, we will issue the Transocean Sedco Forex notes in definitive form in exchange for the entire global security for the Transocean Sedco Forex notes. In addition, we may at any time choose not to have the Transocean Sedco Forex notes represented by a global security and will then issue the Transocean Sedco Forex notes in definitive form in exchange for the entire global security relating to the Transocean Sedco Forex notes. In any such instance, an owner of a beneficial interest in a global security will be entitled to physical delivery in definitive form of the Transocean Sedco Forex notes represented by the global security equal in principal amount to that beneficial interest and to have the Transocean Sedco Forex notes registered in its name. Transocean Sedco Forex notes so issued in definitive form will be issued as registered Transocean Sedco Forex notes in denominations of \$1,000 and integral multiples thereof, unless otherwise specified by us.

#### TRANSFER AND EXCHANGE

We have appointed the Transocean Sedco Forex trustee as security registrar for the Transocean Sedco Forex notes. We are required to maintain an office or agency for transfers and exchanges in each place of payment. We may at any time designate additional transfer agents for the Transocean Sedco Forex notes or rescind the designation of any transfer agent.

In the case of any redemption of the Transocean Sedco Forex notes, we will not be required:

- to issue, register the transfer of, or exchange the Transocean Sedco Forex notes during a period beginning 15 days before the day of mailing of the relevant notice of redemption and ending on the close of business on the day of mailing of the relevant notice of redemption, or
- to register the transfer or exchange of a Transocean Sedco Forex note, or portion of a note, selected for redemption, except for the unredeemed portion of any Transocean Sedco Forex note we are redeeming in part.

#### MEETINGS

Meetings of holders of Transocean Sedco Forex notes or of any or all series of debt securities issued under the Transocean Sedco Forex indenture may be convened on notice:

- by the trustee,
- by us, if we ask the trustee to call a meeting and it fails to do so, or
- by the holders of 10% in principal amount of the debt securities of that series, if they ask the trustee to call a meeting and it fails to do so.

Holders entitled to vote a majority in principal amount of the outstanding debt securities of any series constitute a quorum at any meeting of holders of that series. Except for actions requiring the consent of all holders of the Transocean Sedco Forex notes affected by the action, any action at a meeting adopted by the holders of a majority in principal amount of the Transocean Sedco Forex notes of a series (or a lesser percentage required for the action by the indenture) will be binding on all holders of the Transocean Sedco Forex notes of that series.

#### NOTICES

Notices to holders of the Transocean Sedco Forex notes will be given by mail to the holder's address as it appears in the security register.

#### GOVERNING LAW

New York law governs the Transocean Sedco Forex indenture and the Transocean Sedco Forex notes.

#### THE TRUSTEE

The Bank of New York is the trustee under the Transocean Sedco Forex indenture. We may borrow money and maintain other banking relationships, in the ordinary course of business, with the trustee and its affiliates. The Transocean Sedco Forex indenture, however, contains limitations on the right of the trustee, if it becomes one of our creditors, to obtain payment of claims or to realize on certain property received for any such claim, as security or otherwise. If the trustee acquires any conflicting interest, it must eliminate that conflict or resign.

## MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES

The following is a discussion of (1) the material U.S. federal income tax considerations relating to the exchange offers and consent solicitations and to the ownership and disposition of the Transocean Sedco Forex notes to initial holders of such securities who are U.S. holders (as described below) and (2) the material U.S. federal income and estate tax considerations relating to the exchange offers and consent solicitations and to the ownership and disposition of the Transocean Sedco Forex notes to initial holders of such securities who are non-U.S. holders (as described below). This discussion only addresses tax considerations relevant to holders that hold R&B Falcon notes, and will hold Transocean Sedco Forex notes, as capital assets.

This discussion does not address all tax considerations that may be important to you in light of your particular circumstances (such as the alternative minimum tax provisions) or under certain special rules. Special rules may apply, for instance, to banks, tax-exempt organizations, insurance companies, dealers in securities or currencies, persons who hold R&B Falcon notes or Transocean Sedco Forex notes as part of a hedge, conversion or constructive sale transaction, or straddle or other risk reduction transaction, traders in securities that elect to use a mark-to-market method of accounting for their securities holdings, persons whose functional currency for tax purposes is not the U.S. dollar, or persons who have ceased to be United States citizens or to be taxed as resident aliens. This discussion is limited to holders of Transocean Sedco Forex notes who acquire such securities in connection with the exchange offer. This discussion also does not address the tax consequences arising under the laws of any foreign, state or local jurisdiction.

This discussion is based upon the Internal Revenue Code of 1986, as amended (the "Code"), its legislative history, existing and proposed U.S. Treasury regulations, and judicial decisions and administrative interpretations thereunder, as of the date hereof, all of which are subject to change or different interpretations, possibly with retroactive effect. We cannot assure you that the Internal Revenue Service (the "IRS") will not challenge one or more of the tax results described herein, and we have not obtained, nor do we intend to obtain, a ruling from the IRS with respect to the U.S. federal tax consequences of the exchange offers and consent solicitations and of the ownership and disposition of the Transocean Sedco Forex notes.

PLEASE CONSULT YOUR OWN TAX ADVISORS AS TO THE PARTICULAR TAX CONSEQUENCES TO YOU OF THE EXCHANGE OFFERS AND CONSENT SOLICITATIONS AND OF THE OWNERSHIP AND DISPOSITION OF THE TRANSOCEAN SEDCO FOREX NOTES, INCLUDING THE EFFECT AND APPLICABILITY OF STATE, LOCAL OR FOREIGN TAX LAWS.

### U.S. HOLDERS

You are a U.S. holder for purposes of this discussion if you are a beneficial owner of R&B Falcon notes or Transocean Sedco Forex notes that is, for U.S. federal income tax law purposes:

- a citizen or resident of the United States,
- a corporation organized in or under the laws of the United States or of any political subdivision thereof,
- an estate the income of which is subject to U.S. federal income taxation regardless of its source, or
- a trust if a U.S. court can exercise primary supervision over the trust's administration and one or more U.S. persons are authorized to control all substantial decisions of the trust.

In the case of a holder of R&B Falcon notes or Transocean Sedco Forex notes which is a partnership, the tax consequences will generally affect the partner rather than the partnership, but special considerations not here set forth may apply.

## EXCHANGE OFFERS

The exchange of R&B Falcon notes for Transocean Sedco Forex notes pursuant to the exchange offers will be a taxable transaction for U.S. federal income tax purposes. Accordingly, if you tender your R&B Falcon notes, you will generally recognize gain or loss equal to the difference between the issue price, as defined below, of the Transocean Sedco Forex notes which you receive and your adjusted basis in the R&B Falcon notes. This gain or loss will generally be capital gain or loss except for gain attributable to accrued market discount, if any. In addition, you will recognize ordinary interest income on the amount of accrued and unpaid interest on the R&B Falcon notes which you have not previously included in income.

If the Transocean Sedco Forex notes are publicly traded, within the meaning of the applicable Treasury regulations, or the Transocean Sedco Forex notes are not publicly traded but the R&B Falcon notes are publicly traded, the issue price of the Transocean Sedco Forex notes will be the fair market value of such publicly traded notes reduced by the amount of pre-issuance accrued interest on the Transocean Sedco Forex notes. We believe that the requisite public trading will exist and intend to take this position for all relevant reporting and other purposes. Moreover, we intend to reduce the issue price of the Transocean Sedco Forex notes by the amount of pre-issuance accrued interest on such notes, and you should also compute the issue price in such manner. See "-- Taxation of Interest."

## CONSENT PAYMENTS

The proper treatment of the consent payments is unclear. However, we and R&B Falcon intend to take the position that the payments will represent ordinary income to holders in the full amount of the payments, without reduction by any portion of a holder's basis in the R&B Falcon notes. You should consult your own tax advisor as to possible alternative treatments of the consent payments.

## TAXATION OF INTEREST

Generally, you will be required to include interest received on a Transocean Sedco Forex note as ordinary income at the time it accrues or is received, in accordance with your regular method of accounting for U.S. federal income tax purposes. However, Transocean Sedco Forex intends to treat, and you should also treat, a portion of the interest paid on the first payment date as a return of pre-issuance accrued interest that is not taxable and is not income.

## DISCOUNT OR PREMIUM

If the face amount of any Transocean Sedco Forex note exceeds the issue price of the note (other than by an amount qualifying for a de minimis exception), the excess will constitute original issue discount. You must include such original issue discount in income as ordinary income as it accrues on the basis of a constant yield to maturity, regardless of the receipt of cash representing such income. Your basis in the Transocean Sedco Forex notes will be increased by the amount of original issue discount includible in your gross income as it accrues. The excess will qualify for a de minimis exception if it is less than 0.25% of the face amount of such note, multiplied by the number of complete years to maturity. Because we intend to determine the issue price of such note by reference to the fair market value of either the R&B Falcon notes or the Transocean Sedco Forex notes on the exchange date, we cannot know before the exchange date whether any Transocean Sedco Forex note will have original issue discount. However, recent estimates by Transocean Sedco Forex and R&B Falcon indicate that, if the fair market value of the Transocean Sedco Forex notes and R&B Falcon notes were the same on the date of the exchange as on the date when the estimates were made, there would be no original issue discount (other than an amount qualifying for a de minimis exception) on any Transocean Sedco Forex note.

If the issue price of a Transocean Sedco Forex note exceeds its face amount, you will be considered to have purchased such security with "amortizable bond premium" equal in amount to such excess. You may elect to amortize such premium by offsetting against the interest otherwise required to be included in income in respect of such security during any taxable year the allocable portion of such premium, determined under the constant yield method over the remaining term. In such a case, your basis in the security will be reduced by the amount of bond premium offset against interest.

The rules concerning discounts and premiums are complex, and you should consult your tax advisor to determine how, and to what extent, any discount or premium will be included in your income (in the case of any discount) or amortized (in the case of any premium), and as to the desirability, mechanics and consequences of making any elections in connection therewith.

#### SALE, EXCHANGE OR RETIREMENT OF THE TRANSOCEAN SEDCO FOREX NOTES

With certain exceptions, upon the sale, exchange or retirement of a Transocean Sedco Forex note, you will recognize gain or loss equal to the difference between the sale or redemption proceeds and your adjusted tax basis in such security. Your adjusted tax basis in a Transocean Sedco Forex note will generally equal your cost for such security, increased by any accrued discount or decreased by any amortized premium during your holding period of the note. Gain or loss realized on the sale, exchange or retirement of a Transocean Sedco Forex note (except for certain payments of accrued interest, see below) will generally be capital gain or loss and will be long-term capital gain or loss if such security is held for more than one year. You should consult your tax advisors regarding the treatment of capital gains (which may be taxed at lower rates than ordinary income for taxpayers who are individuals) and losses (the deductibility of which is subject to limitations). Payments for accrued interest not previously included in income will be treated as ordinary interest income.

#### NON-U.S. HOLDERS

You generally are a non-U.S. holder for purposes of this discussion if you are a beneficial owner of R&B Falcon notes or Transocean Sedco Forex notes that is not a U.S. holder, as described above.

#### EXCHANGE OFFERS

You generally will not be subject to U.S. federal income and withholding tax on gain realized on the exchange of R&B Falcon notes for Transocean Sedco Forex notes pursuant to the exchange offers unless:

- you are an individual present in the United States for 183 days or more in the year of such exchange and either (A) you have a "tax home" in the United States and certain other requirements are met or (B) the gain from the exchange is attributable to an office or other fixed place of business maintained by you in the United States, or
- the gain is effectively connected with your conduct of a U.S. trade or business. See "-- Income Effectively Connected with U.S. Trade or Business."

However, to the extent that disposition proceeds represent interest on the R&B Falcon notes accruing between interest payment dates, you will be required to establish an exemption from United States federal income tax. See "-- Taxation of Interest" for a discussion of the requirements of the exemption.

#### CONSENT PAYMENTS

In compliance with U.S. federal withholding tax requirements applicable to payments of certain U.S. source income to foreign persons, R&B Falcon intends to withhold tax at the rate of

30% on consent payments made to non-U.S. holders, unless the holder establishes an exemption or a reduced rate. An exemption will apply to a consent payment which represents effectively connected income to the holder (in which case the non-U.S. holder should provide IRS Form W-8ECI), and an exemption or reduced rate may apply to a consent payment when the non-U.S. holder is entitled to the benefits of a tax treaty (in which case the non-U.S. holder should provide IRS Form W-8BEN).

The proper treatment of the consent payments is unclear. Notwithstanding that R&B Falcon will withhold tax on the consent payments in the absence of an exemption, it is possible that such withholding is not in fact required, in which case you would be entitled to a refund of the tax withheld. You should consult your own tax advisor on this matter.

#### TAXATION OF INTEREST

As long as we are not engaged in the conduct of any trade or business in the United States, the payment of interest on a Transocean Sedco Forex note by us or any paying agent of ours to you will not be subject to U.S. federal income and withholding tax. Even if we were engaged in the conduct of a trade or business in the U.S. and interest was treated as paid by that U.S. trade or business, payment of interest would be exempt from U.S. federal income and withholding tax, provided that:

- you do not actually or constructively own 10% or more of the total combined voting power of all classes of our shares,
- you are not a controlled foreign corporation that is related to us within the meaning of the Code, and
- the U.S. payor does not have actual knowledge or reason to know that you are a U.S. person and either (1) the beneficial owner of the Transocean Sedco Forex note certifies to the applicable payor or its agent, under penalties of perjury, that it is not a U.S. holder and provides its name and address on IRS Form W-8BEN (or a suitable substitute form) or (2) a securities clearing organization, bank or other financial institution, that holds customers' securities in the ordinary course of its trade or business (a "financial institution") and holds the Transocean Sedco Forex note, certifies under penalties of perjury that a Form W-8BEN (or a suitable substitute form) has been received from the beneficial owner by it or by a financial institution between it and the beneficial owner and furnishes the payor with a copy of the form or the U.S. payor otherwise possesses documentation upon which it may rely to treat the payment as made to a non-U. S. person in accordance with U.S. Treasury regulations.

If such interest is effectively connected with a U.S. trade or business of yours, see "-- Income Effectively Connected with U.S. Trade or Business."

Payments made to a non-U.S. holder which are attributable to original issue discount will generally be treated in the same manner as payments of interest, as just described.

A portion of the first payment of stated interest made by us on the Transocean Sedco Forex notes will represent pre-issuance interest in the amount of interest on the R&B Falcon notes which was accrued and unpaid on the date of the exchange. This payment will be treated as a payment by us and subject to the same U.S. federal withholding tax rules and exemptions applicable to interest payments, as described above.

## GAIN ON DISPOSITION OF THE TRANSOCEAN SEDCO FOREX NOTES

You generally will not be subject to U.S. federal income and withholding tax on gain realized on the sale, exchange or redemption of a Transocean Sedco Forex note unless:

- you are an individual present in the United States for 183 days or more in the year of such sale, exchange or redemption and either (A) you have a "tax home" in the United States and certain other requirements are met or (B) the gain from the disposition is attributable to an office or other fixed place of business maintained by you in the United States, or
- the gain is effectively connected with your conduct of a U.S. trade or business. See "-- Income Effectively Connected with U.S. Trade or Business."

However, to the extent that disposition proceeds represent either interest accruing between interest payment dates or original issue discount accruing while you held the Transocean Sedco Forex note, you may be required to establish an exemption from United States federal income and withholding tax. See "-- Taxation of Interest."

## INCOME EFFECTIVELY CONNECTED WITH U.S. TRADE OR BUSINESS

Except to the extent otherwise provided under an applicable tax treaty, you generally will be taxed in the same manner as a U.S. holder with respect to income or gain on a Transocean Sedco Forex note or R&B Falcon note if such income or gain is effectively connected with a U.S. trade or business of yours. Effectively connected income received or gain realized by a corporate non-U.S. holder may also, under certain circumstances, be subject to an additional "branch profits tax" at a 30% rate (or, if applicable, a lower treaty rate), subject to certain adjustments. Such effectively connected income or gain will not be subject to withholding tax if the holder delivers the appropriate form (currently IRS Form W-8ECI) to the payor.

## U.S. FEDERAL ESTATE TAX

A Transocean Sedco Forex note held by an individual who at the time of death is not a citizen or resident of the United States (as specially defined for U.S. federal estate tax purposes) will not be subject to U.S. federal estate tax.

## BACKUP WITHHOLDING AND INFORMATION REPORTING

### U.S. HOLDERS

Consent payments and interest payments made on, or the proceeds of the sale or other disposition of, the R&B Falcon notes or Transocean Sedco Forex notes may be subject to information reporting and U.S. federal backup withholding tax (currently at the rate of 30%) if the recipient of those payments fails to supply an accurate taxpayer identification number or otherwise fails to comply with applicable United States information reporting or certification requirements. Any amount withheld from a payment to a U.S. holder under the backup withholding rules is allowable as a credit against the holder's federal income tax, provided that the required information is furnished to the IRS.

### NON-U.S. HOLDERS

In general, backup withholding and information reporting will not apply to consent payments and interest payments made on, or the proceeds of the sale or other disposition of, the R&B Falcon notes or Transocean Sedco Forex notes if the holder establishes by providing a certificate or, in some cases, by providing other evidence, that the holder is not a U.S. person. Additional exemptions are available for certain payments made outside the United States. Non-U.S. holders of R&B Falcon notes or Transocean Sedco Forex notes should consult their tax advisers regarding the application of information reporting and backup withholding in their particular

situations, the availability of exemptions, and the procedure for obtaining such an exemption, if available. Any amount withheld from a payment to a non-U.S. holder under the backup withholding rules will be allowable as a credit against the holder's U.S. federal income tax, provided that the required information is furnished to the IRS.

#### HOLDERS NOT TENDERING IN AN EXCHANGE OFFER

Although the matter is not entirely free from doubt, if you do not elect to exchange your R&B Falcon notes for Transocean Sedco Forex notes pursuant to the exchange offers, the proposed modifications to the R&B Falcon notes (see "The Proposed Amendments") should not be treated as a taxable exchange of the R&B Falcon notes for new R&B Falcon notes.

#### CAYMAN ISLANDS TAX CONSEQUENCES

According to our Cayman Islands counsel, Walkers, there is currently no Cayman Islands income or profits tax, withholding tax, capital gains tax, capital transfer tax, estate duty or inheritance tax payable by a holder in respect of any income, gain or loss derived from holding notes. We have obtained an undertaking from the Governor-in-Council of the Cayman Islands under the Tax Concessions Law (1995 Revision), as amended, that, in the event that any legislation is enacted in the Cayman Islands imposing tax on profits or income, or on any capital assets, gain or appreciation, or any tax in the nature of estate duty or inheritance tax, that tax will not apply to us or to any of our operations or our shares, notes, debentures or other obligations until June 1, 2019. Therefore, there will be no Cayman Islands tax consequences with respect to holding notes, except that, if the notes are taken into the Cayman Islands in original form, they will be subject to stamp duty in the amount of one quarter of one percent of the face value thereof, subject to a maximum of CI\$250.00 per note.

UNAUDITED PRO FORMA FINANCIAL INFORMATION

BACKGROUND

On January 31, 2001, Transocean Sedco Forex completed a merger transaction with R&B Falcon Corporation. The merger was accounted for as a purchase with Transocean Sedco Forex as the acquiror for accounting purposes.

SOURCES OF INFORMATION

Transocean Sedco Forex is providing the following pro forma financial information concerning Transocean Sedco Forex to help you in your analysis of the financial aspects of the exchange offers for properly tendered R&B Falcon notes. We derived this information from the audited and unaudited financial statements of Transocean Sedco Forex for the periods presented. The information is only a summary, and you should read it in conjunction with the financial information incorporated by reference in this prospectus and consent solicitation statement. See "Where You Can Find More Information" beginning on page iii.

HOW WE PREPARED THE UNAUDITED PRO FORMA FINANCIAL INFORMATION

The pro forma operating results data for the year ended December 31, 2000 and the nine months ended September 30, 2001 for Transocean Sedco Forex assume that the merger with R&B Falcon and the exchange offers were completed on January 1, 2000 and that all R&B Falcon notes were tendered by the applicable consent payment deadline and not withdrawn.

If Transocean Sedco Forex had merged with R&B Falcon on the date assumed in the pro forma financial statements, Transocean Sedco Forex might have performed differently. You should not rely on the pro forma financial information as an indication of the financial position or results of operations that Transocean Sedco Forex would have achieved had the merger taken place earlier.

Transocean Sedco Forex prepared the pro forma combined financial information for the R&B Falcon merger using the purchase method of accounting, with Transocean Sedco Forex treated as the acquiror. As a result, the assets and liabilities of R&B Falcon are recorded at fair value with the excess of the purchase price over the sum of these fair values recorded as goodwill.

The balance sheet data for Transocean Sedco Forex reflects the effect of the merger with R&B Falcon and assumes that the exchange offers were completed on September 30, 2001 and that all R&B Falcon notes were tendered by the applicable consent payment deadline and not withdrawn. In connection with the exchange offer, all payments made to third parties will be expensed in the period incurred.
